

American Senior Communities, LLC

Prescription Drug Plan

Plan Document and Summary Plan Description

2025

THIS DOCUMENT CONTAINS ALL PROVISIONS OF THE PLAN. ANY CONFLICT OR AMBIGUITY ARISING BETWEEN THIS DOCUMENT AND ANY OTHER DOCUMENT OR COMMUNICATION, INCLUDING, BUT NOT LIMITED TO, ANY SUMMARY PLAN DESCRIPTION, BROCHURE, OR ORAL OR VIDEO PRESENTATION, DESCRIBING THE RIGHTS, BENEFITS, OR OBLIGATIONS OF THE COMPANY AND PARTICIPANTS UNDER THE PLAN SHALL BE RESOLVED IN FAVOR OF THIS PLAN DOCUMENT.

American Senior Communities, LLC
PRESCRIPTION DRUG PLAN
PLAN DOCUMENT AND SUMMARY PLAN DESCRIPTION

American Senior Communities, LLC (“Client”) is the Plan Sponsor of this **American Senior Communities, LLC Master Welfare Plan Prescription Drug Plan** (the "Prescription Drug Plan"). The Prescription Drug Plan, as amended and restated herein, is effective as of January 1, 2025. This document is designed to be a plan document as required by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) §402 and a Summary Plan Description under ERISA §102, to provide Covered Employees and their eligible Dependents with information about the Prescription Drug Plan. This Prescription Drug Plan is integrated with and is part of, and incorporated by reference into, the **American Senior Communities, LLC Master Welfare Plan and the Client’s** group health plan (the "Health Care Plan") to provide to those who are Eligible, prescription drug coverage as provided under this Prescription Drug Plan.

Certain provisions of the Health Care Plan (such as, for example, provisions regarding eligibility, termination of benefits, plan administration, and claims procedures) are incorporated herein by reference, unless specifically stated otherwise.

Plan Information

NAME OF PLAN

The name of the Plan: American Senior Communities, LLC Prescription Drug Plan.

PURPOSE OF THE PLAN

American Senior Communities, LLC executes this document, including any amendments, to establish a prescription drug benefit for its Covered Employees and their eligible Dependents. While **American Senior Communities, LLC** has every intention of continuing this Prescription Drug Plan indefinitely, it reserves the right to amend, suspend, change or terminate the Prescription Drug Plan, and the benefits provided hereunder, at any time. The Plan Administrator has issued to each Covered Employee and eligible Dependent this plan document, which also acts as the Summary Plan Description to state and summarize the prescription drug benefits to which such persons may be entitled, and to whom benefits are payable.

PLAN EFFECTIVE DATE

Effective Date: January 1, 2025

AMENDMENT OR TERMINATION

American Senior Communities, LLC may amend or terminate the Prescription Drug Plan, at any time, from time to time, in whole or in part, by means of a writing signed by a person authorized to do so. Any such amendment or termination shall become effective upon its execution or on such date as may be specified in that writing. Such amendment, modification or termination may result in the termination of Covered Employees and their Dependent coverages under the Prescription Drug Plan. The terms of the Prescription Drug Plan cannot be amended or modified by oral statement(s).

CALENDAR YEAR FOR MAXIMUM BENEFIT AMOUNTS

The Calendar Year is the period beginning January 1st and ending December 31st which is used in the application of benefit maximum amounts.

TYPE OF ADMINISTRATION

Contract Administration

DESCRIPTION OF PLAN

The Prescription Drug Plan is an employee health and welfare benefit plan providing prescription drug benefits. A copy of the Prescription Drug plan document and insurance contracts, if any, are on file with the Plan Administrator office and may be obtained by any Covered Person at any reasonable time. The Prescription Drug Plan is self-funded by the Employer and administered in accordance with its terms under ERISA. As such, the provisions of ERISA preempt the application of state insurance law to this Prescription Drug Plan. The Prescription Drug Plan shall not be deemed to constitute a contract of employment between the Employer and any Employee or to be consideration for, or an inducement or condition of, the employment of any Employee. Nothing in the Prescription Drug Plan shall be deemed to give any Employee the right to be retained in the service of the Employer or to interfere with the right of the Employer to discharge any employee at any time.

NAMED FIDUCIARY

The Employer is the Named Fiduciary

AGENT FOR SERVICE OF LEGAL PROCESS

Service of legal process may be made upon the Plan Administrator listed above.

FUNDING

The Prescription Drug Plan is funded by the American Senior Communities, LLC Employee Welfare Trust and may include contributions from Employees. Funds for payment of claims considered under the Prescription Drug Plan are forwarded to account(s) from which claims are to be paid.

ASSIGNMENT

A Covered Person's benefits may not be assigned, except by consent of the Plan Administrator.

GRANDFATHERED STATUS UNDER PPACA

This Prescription Drug Plan is currently considered to be non-grandfathered.

SCHEDULE OF BENEFITS UNDER THE PRESCRIPTION DRUG PLAN

Schedule of Benefits

This Schedule of Benefits ("Schedule of Benefits") provides you with information about your benefits under the Prescription Drug Plan, including information about certain Co-Payments and/or Co-Insurance. More specific information about the Prescription Drug Plan is found throughout this document.

The Prescription Drug Plan offers maximum out-of-pocket amounts. The out-of-pocket maximums are integrated under the Health Care Plan and include your out-of-pocket amounts expended under the group health plan and under this Prescription Drug Plan. The Prescription Drug Plan has an "embedded" out-of-pocket maximum. This means each covered family member only needs to satisfy his or her individual out-of-pocket maximum as it accumulates under the Health Care Plan, but not the entire family accumulator. These amounts include health care out-of-pocket payments as well as prescription drug out-of-pocket payments.

You will be responsible for paying any required Co-Payment or Co-Insurance on the medications covered under the Prescription Drug Plan. A Co-Payment is a fixed amount that a Covered Person is required to pay for a Prescription in accordance with the Prescription Drug Plan. Co-Insurance is a percentage of the Prescription price, that the Covered Person is required to pay under the Prescription Drug Plan. The Co-Payments and Co-Insurance for the Prescription Drug Plan are stated in the schedules below.

The following are Prescription Drug Plan Schedule Options:

Standard Plan		
	Individual	Family

DEFINITION

GENERAL AND PRESCRIPTION PLAN DEFINITIONS

ACTING ADMINISTRATOR

The Claim Administrator is the Acting Administrator unless the Plan Administrator has formally taken over a claim, in which case, the Plan Administrator is the Acting Administrator. See Claims Procedure in Section 6.

APPEAL

The term “Appeal” means written request made by a Covered Person or a Covered Person's authorized representative for reconsideration of an adverse determination regarding a Covered Person's claim.

APPROVED CLINICAL TRIAL

The term “Approved Clinical Trial” means a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other Life-Threatening Condition and is one of the following:

- A. a federally funded trial that is approved or funded, including in-kind contributions, by one or more of the following entities:
 1. the Centers for Disease Control and Prevention;
 2. the Agency for Health Care Research and Quality;
 3. the Centers for Medicare & Medicaid Services;
 4. the National Institutes of Health;
 5. the United States Department of Defense;
 6. the United States Department of Veterans’ Affairs;
 7. cooperative group or center of any of the above entities;
 8. the United States Department of Energy; or
 9. a qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants;

B. a clinical trial conducted under an FDA investigational new drug application; or

C. a drug trial that is exempt from the requirement of an FDA investigation new drug application.

BENEFIT MANAGER

by the Benefit Manager in writing, the term will mean the Plan Administrator.

BRAND MEDICATION

The term “Brand Medication” means a Prescription Medicine identified by True Rx based on criteria provided by nationally-recognized source(s) of prescription drug pricing information, as appropriate as a non-generic product, that is also not a Specialty Drug.

CALENDAR YEAR

The term “Calendar Year” means the period of time from January 1st, at 12:00 A.M. midnight, through the next December 31st.

CLEAN CLAIM

The term “Clean Claim” means a billing for a service and/or supply that is submitted to the Plan by a Covered Person or provider that has no defect, impropriety, or special circumstance, including incomplete documentation that delays timely payment. It must clearly identify the Covered Person receiving the services or supplies and the Plan to which it is being submitted and be submitted on an appropriate form that has been properly and entirely completed, including all data elements required by the applicable form. If a claim that has been submitted to this Plan is determined by the Plan Administrator to not constitute a Clean Claim within this definition, the Covered Person and/or the Provider will be notified of the defects, and it will not be considered to have been received by the Plan until all required information is received.

COBRA

The term “COBRA” means the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.

CO-PAYMENT

The term “Co-Payment” means a specific dollar amount, of the Covered Expenses that the

The term “Benefit Manager” means the individual or business entity, if any, appointed and retained by the Plan Administrator to supervise the management, consideration, investigation and settlement of claims, maintain records, submit reports and other such duties as may be set forth in a written agreement. If no Benefit Manager is appointed or retained (as a result of the termination or expiration of such agreement or other reason) or if the term is used in connection with a duty not expressly assigned to and assumed Covered Person must pay before the Prescription Drug Plan pays benefits for a particular service or supply.

CO-INSURANCE

The term “Co-Insurance” means a percentage of the Covered Expenses that the Covered Person must pay before the Prescription Drug Plan pays benefits for a particular service or supply.

COVERED EMPLOYEE

The term “Covered Employee” means an Employee of the Employer that meets the eligibility requirements for coverage under the Health Care Plan and who is properly enrolled. This generally means that the Covered Employee has met the eligibility requirements of the Health Care Plan of the Employer, which terms are incorporate in this Prescription Drug Plan by reference.

COVERED EXPENSES

The term “Covered Expenses” means expenses incurred by a Covered Person for any Medically Necessary drugs or medications that are not specifically excluded from coverage elsewhere in this Prescription Drug Plan, or other charges which are specifically listed as covered under this Prescription Drug Plan.

COVERED PERSON

The term “Covered Person” means any person meeting the eligibility requirements for coverage under the Health Care Plan and who is properly enrolled, including the Covered Employee and eligible Dependent. This generally means that the person meets the eligibility requirements of the Health Care Plan of the Employer to participate in this Prescription Drug Plan.

CUSTOMARY

The term “Customary” refers to the designation of a charge as being the usual charge made by a Physician or other provider of supplies, medication or equipment that does not exceed the general level of charges made by other providers rendering or furnishing such care or treatment within the same general geographic area, taking into consideration differences in demographics of specific locations and using generally accepted standards of medical practice. The term “area” in this definition means a county or such other area as is necessary to obtain a representative cross section of such charges. Due consideration will be given to the nature and severity of the condition being treated and any medical complications or unusual circumstances that require additional time, skill or expertise. In regard to services or supplies provided by preferred providers, this term refers to the contracted rate for the service or supply in question, as determined by the agreement between this Prescription Drug Plan, the Health Care Plan and the network to which the provider belongs.

CUSTOMER SERVICE TEAM

The term “Customer Service Team means the True Rx Customer Service Team, which may be contacted (toll free) at (866) 921-4047.

DEPENDENT

The term “Dependent” means any individual who is enrolled as a Dependent of the Covered Employee under the Prescription Drug Plan. This generally means that the Dependent is eligible as a Dependent under the Health Care Plan of the Employer, which terms are incorporated in this Prescription Drug Plan by reference.

DEPENDENT COVERAGE

The term “Dependent Coverage” means coverage under the Prescription Drug Plan for benefits payable as a consequence of an illness or injury of a Dependent.

DEDUCTIBLE

The term “Deductible” means the amount a Covered Person must pay before any benefits will be paid by the Prescription Drug Plan, unless the Deductible is specifically waived. The

Deductible applies to the Out-of-Pocket Expense Maximum under the Prescription Drug Plan.

DENIAL

The term “Denial” means the adverse determination of a Prior Authorization request or a submitted Claim.

EMPLOYER

The term “Employer” means the Company and any entity that is affiliated with the Company within the meaning of Section 414(b), (c) or (m) of the Internal Revenue Code of 1986, as amended, that adopts this Prescription Drug Plan for the benefit of its Employees.

ERISA

The term “ERISA” refers to the Employee Retirement Income Security Act of 1974, as amended, including the rules and regulations promulgated thereunder.

EXPERIMENTAL or INVESTIGATIVE

The terms “Experimental” or “Investigative” mean a substance that has been tested in a laboratory and has received approval from the U.S. Food and Drug Administration (FDA) to be tested in people. An experimental drug may be approved by the FDA for use in one disease or condition but be considered investigational in other diseases or conditions. Also called investigational agent and investigational drug.

FDA

The term “FDA” means the United States Food and Drug Administration.

FAMILY

The term “Family” means a covered Participant and his or her covered Dependents.

FORMULARY MEDICATION

The term Formulary Medication means a Medication set forth on the Formulary Drug List. This list is updated and revised by True Rx from time to time to include new drugs, generic equivalents and drugs removed from the market or made available over the counter. A current version of the Preferred Drug List may be found at: <https://truerx.myrxplan.com>.

GENERIC MEDICATION

The term “Generic Medication” means a generic (*i.e.*, non-Brand Medication, non-Specialty Medication) as identified by True Rx based on criteria provided by nationally recognized source(s) of prescription drug pricing information, as deemed appropriate by TrueRx.

HEALTH INFORMATION

The term “Health Information” means any information, whether oral or recorded in any form or medium that:

A. is created or received by this Plan, or a Plan designee; and

B. relates to any of the following:

1. The past, present or future physical or mental health or condition of an individual;
2. the provision of health care to an individual; or
3. the past, present or future payment for the provision of health care to an individual.

HIPAA

The term “HIPAA” means the Health Insurance Portability and Accountability Act of 1996, as amended from time to time, and the rules and regulations promulgated thereunder.

ILLNESS

The term “Illness” means Sickness, disease, or pregnancy.

INJURY

The term “Injury” means bodily damage or loss sustained by a Covered Person which requires treatment by a Physician, and is incurred by a Covered Person on or after the date of coverage under this Prescription Drug Plan, excluding any condition arising from an occupational Injury.

LIFE THREATENING CONDITION

The term “Life Threatening Condition” means any disease or condition from which the likelihood of death is probable, unless the course of the disease or condition is interrupted.

LIFETIME

The term “Lifetime” is a word used in the Prescription Drug Plan in reference to benefit maximums and limitations. The term “Lifetime” means the total time period of a Covered Person’s coverage under this Prescription Drug Plan, regardless of the number of breaks in that coverage. Under no circumstances does the term “Lifetime” mean the duration of a Covered Person’s life.

MEDICALLY NECESSARY

Medically Necessary treatment is recommended or approved by a Physician; is consistent with the patient's condition or accepted standards of good medical practice; is medically proven to be effective treatment of the condition; is not performed mainly for the convenience of the patient or provider of medical services; is not conducted for research purposes; and is the most appropriate level of services which can be safely provided to the patient. All of these criteria must be met; merely because a Physician recommends or approves certain care does not mean that it is Medically Necessary. The Plan Administrator has the discretionary authority to decide whether care or treatment is Medically Necessary.

MEDICINE or MEDICATION

The term “Medicine or Medication means a substance or preparation that alleviates or treats an Illness or Injury and may be available by Prescription only or over-the-counter (OTC). Medicine and Medications include only substances and preparations that qualify as medical care under Section 213 of the Internal Revenue Code. In general, medical care means care for the diagnosis, cure, mitigation, treatment, or prevention of disease or for the purpose of affecting any structure or function of the body.

MEDICARE

The term “Medicare” means the programs established by Title I of Public Law 89-98, as amended, entitled “Health Insurance for the Aged Act,” and which includes parts A, B and D of Subchapter XVIII of the Social Security Act, as amended from time to time.

NAMED FIDUCIARY

The term “Named Fiduciary” means the individual or entity which has the ultimate

authority to control and manage the overall operation of the Prescription Drug Plan.

NON-PREFERRED MEDICATION

The term “Non-Preferred Medication” means medication not included on any formulary or list of preferred prescriptions under this Prescription Drug Plan. Non-Preferred Medications have higher Co-Payments or Co-Insurance than preferred Medications.

NON-PRESCRIPTION MEDICATION

The term “Non-prescription Medication” means an over-the-counter (OTC) Medication or supply, normally purchased without a prescription and which is pre-packaged for use by the consumer and labeled in accordance with the requirement, statutes, and regulations of federal and applicable state governmental authorities

OUT-OF-POCKET

The term “Out-of-Pocket” means the amount of Covered Expenses that are the responsibility of the Covered Person and that accumulate towards the Out-of-Pocket maximum, not including amounts for:

- A. expenses that are not covered under this Prescription Drug or the Health Care Plan;
- B. in excess of the Reasonable and Customary charge for a service or supply;
- C. in excess of any maximum benefit listed in the Prescription Drug Plan or Health Care Plan; or
- D. attributable to any penalty.

PPACA

PPACA refers to the Patient Protection and Affordable Care Act, Pub. L. No. 111-148 and the Health Care and Education Reconciliation Act, Pub. L. No. 111-152, and all other related laws, rules and requirements

PARTICIPANT

The term “Participant” means a Covered Person and may be used interchangeably, as long as it is consistent with the terms of the Health Care Plan of the Employer.

PARTICIPANT CONTRIBUTION

The term “Participant Contribution” means that amount which is due from an eligible employee in order for that employee to obtain Participant

and/or Dependent coverage(s) under the Prescription Drug Plan and the Health Care Plan. The Company shall determine the amount of the Participant Contribution which may vary depending upon the type of coverage an eligible employee desires to obtain and that amount may be combined or included as part of the Health Care Plan coverage requirement. Eligible Participants will be advised of any required Participant Contributions at the time each applies for coverage. Participants in the Prescription Drug Plan will be notified by the Plan Administrator prior to an increase in the required Participant Contribution amount. Participants that are not required to make Participant Contributions at the time of enrollment will be notified by the Plan Administrator prior to the date a Participant Contribution requirement is made effective.

PARTICIPATING PHARMACY

A retail pharmacy that contracts with True Rx. Participating Pharmacies may be found through the True Rx Pharmacy Locator at <https://truerx.myrxplan.com> or by calling the True Rx Customer Service Team at (866) 921-4047. Benefits under the Prescription Drug Plan are generally more favorable when Medications are obtained through a Participating Pharmacy.

PHARMACIST

The term “Pharmacist” means a professional who is licensed under the applicable state and federal law to fill and dispense Prescriptions.

PHYSICIAN

The term “Physician” means A Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), Doctor of Dental Surgery (D.D.S.), Doctor of Podiatry (D.P.M.), Doctor of Chiropractic (D.C.), Acupuncturist, Audiologist, Certified Nurse Anesthetist, Licensed Professional Counselor, Licensed Professional Physical Therapist, Master of Social Work (M.S.W.), Midwife, Occupational Therapist, Optometrist (O.O.), Physiotherapist, Psychiatrist, Psychologist (Ph.D.), Speech Language Pathologist, Nutritionist/Dietician and any other practitioner of the healing arts who is licensed and regulated by a state or federal agency and is acting within the scope of his or her license.

POST-SERVICE CLAIM

The term “Post-Service Claim” means a Claim with respect to which the Covered Person has received the Medication and is requesting reimbursement, and which is not a Pre-Service Claim or an Urgent Care Claim.

PRESCRIBER

The term “Prescriber” means a Physician or other health care practitioner licensed or authorized by law to issue an order for a Prescription Medicine.

PRESCRIPTION

Any order authorized by a Prescriber for a Prescription Medicine or a Non-Prescription Medicine that could be a Medication or supply for the Covered Person for whom prescribed. The Prescription must be compliant with applicable laws and regulations and identify the name of the Prescriber prescribing and the name of the Covered Person for whom prescribed. It must also identify the name, strength, quantity, and directions for use of the Medication or supply prescribed.

PRESCRIPTION BENEFIT CARD

The identification card issued by True Rx to Covered Persons who participate in the Prescription Drug Plan.

PRESCRIPTION MEDICINE

Licensed Medicine that is regulated by legislation to require a Prescription before it can be obtained by a Covered Person.

PRE-SERVICE CLAIM

A Claim with respect to which receipt of the benefit requires approval in advance of obtaining medical care. Prior Authorization requests are usually Pre-Service.

PREFERRED DRUG LIST OR FORMULARY

The True Rx Preferred Drug List is a list of Generic and Brand Medications that your Prescription Drug Plan covers as amended by True Rx from time to time. This list excludes Specialty Drugs. A current copy of the Preferred Drug List may also be obtained at: <https://truerx.myrxplan.com>, or by calling the Customer Service Team at (866) 921-4047.

PRIOR AUTHORIZATION

Prior authorization is a requirement that a Covered Person's physician obtain approval from the Prescription Drug Plan to prescribe a specific medication for a Covered Person. Prior authorization is based on current medical findings, FDA-approved manufacturer labeling information, and cost and manufacturer rebate arrangements. Without this prior approval, the Prescription Drug Plan may not provide coverage, or pay for, the Covered Person's medication.

PROTECTED HEALTH INFORMATION

"Protected Health Information" means any information, whether oral or transmitted or maintained in any form or medium (including Electronic Media), that satisfies all of the following: (a) Created or received by a health care provider, health plan, employer, or health care clearinghouse; (b) Relates to the past, present, or future physical or mental health or condition of an individual, the provision of health care to an individual, or the past, present, or future payment for the provision of health care to an individual; and (c) Identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual; except that the term "Protected

Health Information" does not include (i) education records covered by the Family Educational Rights and Privacy Act, as amended, 20 U.S.C. § 1232g, (ii) student treatment records described at 20 U.S.C. § 1232g(a)(4)(B)(iv), and (iii) employment records held by an entity in its role as employer

QUALIFIED INDIVIDUAL

The term "Qualified Individual" means an individual who is properly enrolled in the Prescription Drug Plan and who is eligible to participate in an Approved Clinical Trial according to the trial protocol with respect to treatment of cancer or another Life-Threatening Condition or disease. To be a Qualified Individual, there is an additional requirement that a determination be made that the individual's participation in the Approved Clinical Trial is appropriate to treat the disease or condition. That determination can be made based on the referring health care professional's conclusion or based on the provision of medical and scientific information by the individual.

REASONABLE

The term "Reasonable" refers to the designation of a charge in amount and frequency as being appropriate based on the medications, drugs or supplies actually supplied to the Covered Person, but considering other factors. Such factors include industry billing practices for similar items, the true circumstances of a charge that may warrant a lesser or higher charge than the customary charge for the services, supplies or prescription drugs that were, in fact, provided to the Covered Person. The Plan Administrator shall have the right to review provider's records and shall determine, in its absolute discretion, whether or not the charge made by the provider is Reasonable. In making this determination, the Plan Administrator will take into consideration additional charges that were attributable to the errors, negligence or inefficiency of the provider, and may consult with medical experts in the related fields to determine whether such charges would be considered Reasonable within the context in which they were provided. Finally, the Prescription Drug Plan never has to pay for anything at a price that is not a fair and market-based price, as determined in the sole and absolute discretion of the Plan Administrator.

ROUTINE PATIENT COSTS

The term “Routine Patient Costs” means all items and services consistent with the coverage provided under the Plan that is typically covered for a Qualified Individual for treatment of cancer or another Life-Threatening Condition or disease who is not enrolled in a clinical trial. However, costs associated with the following are excluded from that definition, and the Prescription Drug Plan is not required under federal law to pay for the following: a) the cost of the investigational item, device or service; b) the cost of items and services provided solely to satisfy data collection and analysis needs and that are not used in direct clinical management; or c) the cost for a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

SPECIALTY DRUG

The term “Specialty Drug” means certain pharmaceuticals and/or biotech or biological drugs that are high-cost/high technology and are used in the management of chronic or genetic disease, including, but not limited to, injectable, infused or oral Medications, or that otherwise require special handling, dispensing conditions or monitoring, delivered by any means including by purchase at a pharmacy and processed for payment by the pharmacy benefit manager or an Outpatient basis from a provider or facility or purchased directly by the Covered Person. For this purpose, the term “Specialty Drug” means any injectable or non-injectable drug that is on the pharmacy benefit manager’s

list of Specialty Drugs as it determines such list from time to time. Specialty drugs may be found by selecting the appropriate formulary at the following website <https://truerx.myrxplan.com>, or by calling the Customer Service Team at (866) 921-4047.

SUMMARY HEALTH INFORMATION The term “Summary Health Information” means information that may be individually identifiable Health Information that:

A. summarizes the claims history, claims expenses or type of claims experienced by Covered Persons under this Plan; and
B. from which the following information has been removed:

1. names;
2. geographic subdivisions smaller than the level of a five (5) digit zip code, including, but not limited to, street addresses;
3. all elements of dates (except year) for dates directly related to an individual, including, but not limited to, birth dates and dates of admission and discharge;
4. telephone numbers;
5. fax numbers;
6. electronic mail addresses;
7. social security numbers;
8. medical record numbers;
9. Plan identification numbers; and
10. Other identifiers as listed in 45 C.F.R. § 164.514(b)(2)(i).

URGENT CARE CLAIM

The term “Urgent Care Claim” means a Claim which the Physician specifies as urgent or TrueRx, using judgment of a prudent layperson, determines is urgent.

ADDITIONAL INFORMATION REGARDING BENEFITS

GENERAL INFORMATION

True Rx is the company that has been selected by **American Senior Communities, LLC** to administer your Prescription Drug Plan benefits. True Rx will do everything it can to help you as the Covered Person with your prescription drugs so you can focus on the other important things in your life. Keep this document as it contains important information pertaining to your Prescription Drug Plan benefits.

Through True Rx, you will experience convenience through access to over 65,000 Participating Pharmacies. True Rx will provide you with safety and cost-savings by monitoring your prescriptions and suggesting generic substitutes that will reduce costs for you and **the Prescription Drug Plan**.

True Rx provides several services in connection with the Prescription Drug Plan such as:

- **A Broad Pharmacy Network:** There are more than 65,000 pharmacies nationwide (retail and independent) that are contracted with True Rx. You will find our Pharmacy Locator at <https://truerx.myrxplan.com> so that you can find pharmacies in your area. You can also contact True Rx at (866) 921-4047 and let a Customer Service Representative assist you with your search. If your pharmacy is not listed in the Pharmacy Network, a representative at True Rx can contact that pharmacy to inquire about joining our network.
- **Generic Enforcement:** If as a Covered Person, you elect not to purchase a Generic Medication when available and approved by your physician, you will be responsible for the Brand Medications Co-Payment or Co-Insurance amount, plus the difference between the cost of the generic and the Brand Medication purchased.
- **Step Therapy Plan:** The Step Therapy Plan encourages the use of Generic medicines. Generic Medications will be required in certain drug classes before Brand Medications will be approved. In other drug classes, only Generic Medications will be covered. You may contact the Customer Service Team at (866) 921-4047 for more information about the Step Therapy Plan and when the use of a Generic Medication is required.
- **Additional Programs:** Additional programs may be introduced to improve the Prescription Drug Plan, and these additional benefits will be communicated to covered individuals when available.
- **Answering Your Questions:** If you have questions about your Prescription Drug Plan, you can always contact the True Rx Customer Service Team at (866) 921-4047.

WHAT THE PRESCRIPTION DRUG PLAN COVERS

The Prescription Drug Plan provides benefits to Covered Persons for the following:

- Certain Prescription Medicines:
 - prescribed by a Prescriber; **and**
 - In an amount not to exceed the day's supply outlined in the Prescription Schedule of Benefits; **and**
 - Medically Necessary for the care and treatment of an Illness or Injury; **and**
 - Not excluded in the Exclusions and Limitations Section; **and**

- Not Experimental, Investigative, or Unproven; *and*
 - With certain limited exceptions, may only be obtained by Prescription and are dispensed in a container labeled "Rx only."
 - The following non-prescription product prescribed by a duly licensed medical professional:
 - Compounded medications of which at least one ingredient is a Prescription Drug.
- **Prescription Drugs lost as a direct result of a natural disaster.** Covered Persons will be given the opportunity to prove that the Prescription Drugs otherwise considered Covered Expenses under this Plan were lost due to a natural disaster. Acceptable proof could include, but not necessarily be limited to, proof of other filed claim of loss (homeowner's, property, etc.).
 - Diabetic Medicines and supplies (including insulin syringes, lancets, and test strips), if prescribed by a Prescriber
 - Vitamins which require a Prescription; Pre-natal vitamins and vitamins with fluoride
 - Devices; Inhaler Spacers
 - Acne medications; Retin-A, Differin, Avita, Tazorac with a prior authorization above age 26
 - Generic and Brand medications as determined from time to time by True Rx.

Coverage is subject to any Co-Payment, Co-Insurance, maximums, limits, exclusions, or other provisions of this Prescription Drug Plan. The Schedule of Benefits provides some additional information you may find helpful regarding coverage, exclusions, and limitations under the Prescription Drug Plan.

Some Medications, may be subject to quantity limits. These limits help your doctor and pharmacist check that your prescribed drugs are used correctly and safely. Medical guidelines and FDA-approved recommendations from drug makers are used to set coverage limits.

Any Prescriptions or other items covered under the Prescription Drug Plan will be limited based on Medical Necessity and quantity limits established by the Prescription Drug Plan (see the Schedule of Benefits). The Prescription Drug Plan may, in its sole discretion, establish quantity guidelines for specific Prescription Medications or other items. You should ask your Prescriber or Pharmacist to verify Medications that are covered by the Prescription Drug Plan, any quantity limits, and appropriate Brand Medications or Generic Medications recognized under the Prescription Drug Plan. Prior Authorization may be required for certain Medications.

About the Formulary Drug List:

The Formulary Drug List is a guide for Covered Persons and their Physicians. Generic Medications should always be considered first. If there is no Generic Medication available, there may be more than one Brand Medication to treat a condition. These preferred Brand Medications are listed on the Formulary Drug List to help identify products that are clinically-appropriate and cost-effective. The Formulary Drug List identifies drugs in three tiers with Tier 1 medicines requiring the lowest Co-Payments or Co-Insurance. The amount you pay depends on the drug your doctor prescribes. Higher tier Medicines require greater Co-Payments or Co-Insurance. **Make sure your doctor knows that you pay more for Tier 2 and 3 drugs.**

- **Tier 1: Generics** – You pay the lowest cost for drugs in this level.

- **Tier 2: Preferred Brands** – You pay a slightly higher cost for drugs in this level.
- **Tier 3: Non-Preferred Brands** – You pay the highest cost for drugs in this level.

The Formulary Drug List is not an all-inclusive list. The Formulary Drug List represents:

- Brand Medications (Tier 2 and 3)
- Generic Medications (Tier 1)

Any Brand Medication for which a Generic Medication becomes available may be designated as a non-preferred Brand Medication. You may obtain a current version of the Formulary Drug List at: <https://truerx.myrxplan.com>, or by calling the Customer Service Team at (866) 921-4047.

INFORMATION ABOUT GENERIC MEDICATIONS

Generic Medications contain the same active ingredients in the same amount as Brand Medications, but may not otherwise resemble the Brand Medication, name or packaging. Generic Medications are widely seen as one of the best ways to save money on Prescription Medicines and are as safe and effective as Brand Medications, but on average cost about 30 percent to 80 percent less. Here are some important facts about Generic Medications:

- All Generic Medications that have been approved for substitution have been reviewed by the FDA and found to be as safe and effective as the equivalent Brand Medication.
- The companies who make Generic Medications must meet the same FDA manufacturing and quality standards as those that make Brand Medications.
- Generic Medications usually cost much less because their manufacturers do little advertising and did not have to invest in the original research, development, and testing of them.
- A Generic Medication will be a different color or shape but is the same as the Brand Medication in:
 - strength (number of milligrams, etc.)
 - dosage form (pill, liquid, cream, etc.)
 - quality
 - active ingredient
 - effectiveness (how it works in the body)

Only your Physician can decide what's best for you, but be sure to ask about your generic options. Ask your Physician or other Prescriber to approve generic substitution whenever appropriate. You can use these FDA-approved products with confidence and the knowledge that you are saving money.

INFORMATION ABOUT PREFERRED BRAND MEDICATIONS

Preferred Brand Medications are safe and effective choices that the Prescription Drug Plan identifies for consideration. They usually are available at a lower cost than non-preferred Brand Medications. If there is no Generic Medication equivalent available for your Prescription Medicine, ask your Prescriber to consider prescribing a Brand Medication from the Preferred Drug List. Preferred Brand Medications and Generic Medications are identified as such on the applicable portion of the Preferred Drug List (see page of Preferred Drug List captioned "Preferred Brand Medications/Generic Medications List").

CLINICAL TRIAL COVERAGE

The Prescription Drug Plan will not: (a) deny a Qualified Individual participation in an Approved Clinical Trial; (b) deny (or limit or impose additional conditions on) the coverage of Routine Patient Costs for items and services furnished in connection with participation in an Approved Clinical Trial that would otherwise be covered by the Prescription Drug Plan; or (c) discriminate against a Qualified Individual on the basis of the Qualified Individual's participation in an Approved Clinical Trial. If one or more in-network providers is participating in an Approved Clinical Trial, the Prescription Drug Plan may require that a Qualified Individual participate in the Approved Clinical Trial through such a provider if the provider will accept the Qualified Individual as a participant in the Approved Clinical Trial, unless the Qualified Individual is participating in an Approved Clinical Trial that is conducted outside the state in which the Qualified Individual resides.

SPECIALTY DRUGS – EXCLUDED

The Prescription Drug Plan does not cover or pay for any Medicine or Medication that is a Specialty Drug. See Exclusion below.

PRIOR AUTHORIZATION

Prior Authorization ensures that a high quality, cost effective and Medically Necessary method of treatment has been selected for the Covered Person's Illness or Injury. In most cases, Prior Authorization occurs before a Medication is prescribed and dispensed. Certain services, supplies and Medication preparations and/or Medications for certain disease states will require Prior Authorization as determined by True Rx in its absolute discretion from time to time.

To obtain Prior Authorization, the Covered Person or the Physician must provide True Rx's Customer Service Team, (866) 921-4047, with the appropriate medical information prior to obtaining the proposed medicines, supplies, or services. Even though a physician may directly request a prior authorization on behalf of a Covered Person, **it remains the ultimate responsibility of the Covered Person to ensure necessary Prior Authorizations are obtained.** The information must be received by True Rx at least one (1) working day before the medicines, supplies, or services are dispensed or provided.

When Prior Authorization is obtained, Covered Expenses will be reimbursed for the Covered Person. If Prior Authorization is not obtained, the Covered Person may be subject to a benefit reduction if the benefit is covered at all. Covered Expenses remaining after this reduction will be paid according to the Prescription Drug Plan provisions listed in the Schedule of Benefits.

If a Covered Person fails to obtain Prior Authorization for care which requires Prior Authorization, the Covered Person will be financially responsible for the full cost of the medication, services or supplies. The Covered Person will be financially responsible for the entire bill(s) and the cost of the Medication , services or supplies will not be applied to the Covered Person's Co-Payment, Co-Insurance, or Deductible.

Important Note: Prior Authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all of the terms of the Prescription Drug Plan.

HELPFUL TIPS

When you visit your Physician or other Prescriber:

- Bring this guide or a copy of the Preferred Drug List with you to appointments to discuss coverage limitations or alternatives to Brand Medications.
- Let your Physician or other Prescriber know that you are interested in using Prescription Medicines that are appropriate for you and cost-effective.
- If you need a Prescription, ask for a Generic Medication and ask your Physician or other Prescriber to authorize generic substitution, when medically appropriate.
- Make sure your Physician or other Prescriber indicates the number of refills on the Prescription, if appropriate.
- If your Physician or other Prescriber tells you that you will be taking certain Medicine for a long time, ask for both a short-term Prescription and a long-term Prescription.

Other ways to save on prescription costs:

If you have Prescriptions at a non-Participating Pharmacy, you will probably save money by having your Prescription transferred to a True Rx Participating Pharmacy. To do this, contact a True Rx Participating Pharmacy or the Customer Service Team and tell the Pharmacist where your Prescription is currently on file. If possible, have your Prescription bottle with you when you make the call so you can answer any questions. The Pharmacist will contact the non-Participating Pharmacy and make the transfer for you. When you pick up the Prescription, bring along your benefit information so that the Pharmacist can verify your Prescription Drug Plan coverage. You may also ask your prescriber to write a new prescription for you to take to the Participating Pharmacy, or your prescriber can call the prescription in for you.

Aurora Health

For those employees with prescription drugs that may not be covered under the Prescription Drug Plan, American Senior Communities, LLC has retained Aurora Health prescription drug advocate services.

HOW TO FIND OUT MORE INFORMATION ABOUT YOUR BENEFITS

There are three easy ways to contact True Rx:

1. By accessing the True Rx website at True Rx.com and click on the "Members" tab. There you will find helpful information such as locating Participating Pharmacies, generic equivalents, prior authorization forms, Formulary, Member Access, claim forms, and patient assistance programs.
2. By utilizing the Member Access site (<https://True Rx.com/member-portal/registration/>) or the True Rx Mobile App (available for Android and iPhone) which allows covered individuals to identify the cost for any prescription medication, retrieve drug information, identify pharmacy locations, etc.
3. By calling the Customer Service Team, where you can speak to a True Rx Customer Care representative. The Customer Service Team may be reached at (866) 921-4047.

ACCESSING YOUR BENEFITS

HOW TO GET YOUR PRESCRIPTION FILLED OR REFILLED

Using a True Rx Participating Pharmacy, rather than a non-Participating Pharmacy, is generally more convenient and less expensive for you. Participating Pharmacies can easily access information about the Prescription Drug Plan and the appropriate payment. You will not need to file any additional paperwork when you use a True Rx Participating Pharmacy.

How to fill or refill your Prescription at a retail pharmacy:

- To locate a True Rx Participating Pharmacy near you, visit <https://truerx.myrxplan.com>, or call the True Rx Customer Service Team at (866) 921-4047.
- At the retail pharmacy, present your Prescription along with your Prescription Benefit Card. If your Prescriber has ordered refills, let the Pharmacist know you are ready to reorder. Make sure that the Pharmacist has accurate information about you and your Dependents who are covered under the Prescription Drug Plan, including dates of birth and gender.
- The Pharmacist will look up your Prescription Drug Plan benefit information on the computer to verify coverage and dispense the Prescription. If you do not present your Prescription Benefit Card at the time your Prescription is filled, or if you are having your Prescription filled at a non-Participating Pharmacy, you will be asked to pay 100% of the Prescription price. Then, you will need to submit a paper Claim form to True Rx, along with the original Prescription receipt(s), for reimbursement of your Prescription expenses (to the extent those expenses are covered by this Prescription Drug Plan). In most cases, you will pay more for your Prescription if you use a pharmacy that is a non-Participating Pharmacy. You can obtain a paper Claim form at <https://truerx.com/forms> or by calling the True Rx Customer Service Team at (866) 921-4047.

HOW TO FILE A CLAIM FOR BENEFITS

Claims may be submitted to True Rx by submitting a completed Claim form and related documentation by mail to True Rx at the address printed on the Claim form. You can obtain a paper Claim form at <https://truerx.com/forms>, or by calling the True Rx Customer Service Team at (866) 921-4047.

To submit a Claim, fill out the Claim form completely and attach copies of receipts for any Medications listed on the Claim form, then mail the completed form to True Rx at the address specified on the Claim form. Claims must be received by True Rx within one year after the Prescription is filled. Once True Rx receives the Claim form, the Claim will be processed within six weeks thereafter.

CLAIM APPEAL PROCESS

CLAIM APPEAL PROCESS OVERVIEW

True Rx acts as the Claims Administrator under the Prescription Drug Plan and conducts day-to-day processing of claims and appeals under the Prescription Drug Plan. With respect to any claim determination, the Claims Administrator has full and absolute discretionary authority with respect to all determinations under the Prescription Drug Plan, including the determination of facts, the interpretation of the Prescription Drug Plan and/or its terms, and with respect to all factual and legal decisions and determinations under this Prescription Drug Plan. This discretionary authority is to be interpreted in the broadest sense permitted under the law. Under the Prescription Drug Plan, the Plan Administrator has the right to notify the Claims Administrator that it is exercising its role as named fiduciary and that the Plan Administrator is taking over a claim determination from the Claims Administrator. Such determination will be made in writing and in such case, the Claims Administrator is no longer responsible for any such claim determination and will follow the direction of the Plan Administrator. In the event that the Plan Administrator takes over a claim determination, the Plan Administrator shall have full and absolute discretionary authority with respect to all determinations under the Prescription Drug Plan, including the determination of facts, the interpretation of the Prescription Drug Plan and/or its terms, and with respect to all factual and legal decisions and determinations under this Prescription Drug Plan. This discretionary authority is to be interpreted in the broadest sense permitted under law. In the event that an External Review is involved in such a determination, the Claims Administrator and/or Plan Administrator shall defer to the External Review, consistent with the law.

Initial Claim for Benefits. For the initial claim, the following shall apply:

- Filing of Claim. A claim for benefits under the Plan will be filed in writing with the Claims Administrator, unless the Plan Administrator has taken over a claim as referenced above. The reference herein to the Acting Administrator is as it is defined and refers to the Claims Administrator, unless the Plan Administrator has taken over a claim determination, as referenced above.
- Notice of Denial. If a claim for benefits under the Plan is wholly or partially denied, the Acting Administrator will, within 30 days after receipt of the claim, notify the Claimant of the denial of the claim. Such 30 day period may be extended for no more than an additional 15 days if Acting Administrator determines that an extension of time for processing the claim is necessary due to matters beyond the control of the Plan, in which case Acting Administrator will notify the Claimant of the extension in writing within the initial 30 day period, and such notice of extension will indicate the circumstances requiring the extension and the date by which Acting Administrator expects to render its decision.
- Special Rules for Urgent Medical Plan Claims. Urgent health claims will be decided as soon as possible within 72 hours rather than within 30 days. The 72-hour deadline may not be extended. An urgent health claim is any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations: (a) could seriously jeopardize the life or health of the Claimant or the ability of the Claimant to regain maximum function, or (b) in the opinion of a physician with knowledge of the Claimant's medical condition, would subject the Claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.
- Special Rules for Pre-Service Health Claims. Pre-service health claims will be decided within 15 days rather than 30 days. The 15-day deadline may be extended by an additional 15 days. A pre-service health claim is any claim for a benefit with respect to which Plan terms condition receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care.

- Disability and Other Claims. In the unlikely event the claim relates to a Disability, Disability claims will be decided within 45 days rather than 30 days. The 45-day deadline may be extended twice, each extension adding no more than 30 days to the prior deadline.
- Extension. If an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension will specifically describe the required information, and the Claimant will be afforded 45 days from receipt of the notice within which to provide the specified information.

Notice of Denial. A notice of denial will be (a) in writing (or in electronic form); (b) written in a way to be understood by the Claimant; and (c) contain:

- the specific reason or reasons for denial of the claim;
- references to the specific Plan provisions upon which the denial is based;
- a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- an explanation of the claim review procedure and the time limits applicable to such procedures, in accordance with the provisions of this Claim and Appeal Procedure; and
- a statement of the Claimant’s right to bring a civil action under Section 502(a) of ERISA if the claim is denied upon review.

Appeal of Decision - Request for Review of Denial. The Claimant may, within 180 days after receiving a written notice of denial of the claim, file a written request with the Acting Administrator that it conduct a full and fair review of the denial of the claim. The Acting Administrator will:

- provide the Claimant with the opportunity to submit written comments, documents, records and other information relating to the claim;
- provide the Claimant, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the claim;
- effect a review of the denial that takes into account all comments, documents, records and other information submitted by the Claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination;
- provide a review that (a) does not afford deference to the initial adverse benefit determination, (b) is conducted by a plan fiduciary (the “reviewing fiduciary”) who did not make the adverse benefit determination and who is not the subordinate of the individual who made the adverse benefit determination;
- provide that the reviewing fiduciary will, before deciding an appeal based in whole or in part on a medical judgment, consult with a health care professional having appropriate training and experience, who was not involved with the adverse benefit determination and is not the subordinate of any such individual; and

- provide for the identification of any medical expert whose advice was obtained on behalf of the plan in connection with a Claimant's adverse benefit determination (regardless of whether the advice was relied upon).

Decision on Appeal. The Acting Administrator will deliver to the Claimant a decision in writing (or in electronic form) on the appeal within 60 days after the receipt of the Claimant's request for review. The initial deadline may be extended by an additional period of sixty (60) days, upon written notice to the claimant. Decision on Appeal deadlines for the following categories of claims are subject to special timing considerations below.

- Urgent health appeals will be decided within 72 hours rather than 60 days.
- Pre-service health appeals will be decided within 30 days rather than 60 days.
- Disability and other appeals will be decided within 45 days rather than 60 days.

Extensions of time for response on any appeal may be granted upon notice to the claimant in writing and the deadline is an additional period of the same number of days for the initial period.

Final Determination. The Acting Administrator's written decision will:

- be written in a manner calculated to be understood by the Claimant;
- include the specific reason or reasons for the decision and contain references to the specific Plan provisions upon which the decision is based;
- state that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claimant's claim for benefits; and
- state the Claimant may have a right to bring a civil action Section 502(a) of

ERISA. External Review (Only applies to Non-Grandfathered Plans.)

Voluntary External Review. This is a special default language for a procedure that applies only if the medical plans referenced in the Constituent Benefit Programs are non-grandfathered plans, or if they lose such status. In such a case, there is a voluntary external review process that applies, if after exhausting the two levels of appeal (when required), you are not satisfied with the final determination. Voluntary external review only applies to the denial of medical, mental health/substance abuse, prescription drug, certain dental, or vision claim denials if the denial is based on one of the following:

1. Clinical reasons based upon medical judgment, including medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or if a treatment is experimental or investigational; or
2. Rescission (retroactive termination) of care.

External review does not apply with respect to claims based upon the eligibility of a Participant or a Dependent, or with respect to whether a particular claim involves a covered product or service.

If you have any questions regarding the External Review, you may contact the Acting Administrator for more information about whether or not the voluntary external review program is available to you.

Request for External Review. A request for an external review generally must be made within four months following the day that you receive notice of the denial on appeal. Also, you can request an expedited external review as described Expedited External Review below.

Preliminary Review. Within five business days of receiving your request for external review, the Acting Administrator will complete a preliminary review, which determines:

1. if you were covered under the Prescription Drug Plan at the time of service;
2. that the review does not relate to your eligibility to participate in the Prescription Drug Plan;
3. that your review meets the criteria for external review stated above;
4. that you completed the Prescription Drug Plan's internal appeals process to the extent required; and
5. that you have provided all necessary information and forms for processing an external review.

You are not eligible for an External Review if the Claims Administrator determines that you have not met all of the above requirements. Within one business day after the initial review of your request, the Acting Administrator may provide you with a notice that includes the reasons your request does not meet the requirements for an External Review and contact information for the Employee Benefits Security Administration. The notice will describe information or materials needed to complete your request, if applicable.

Your deadline to complete the request is the end of the four-month period described above or, if later, 48 hours after you receive the notice that the request was not complete. If your request is expedited, the Acting Administrator will immediately consider the above criteria and notify you of the determination as described in Expedited External Review below.

External Review by an Independent Review Organization (IRO). If your request qualifies for external review, it will be assigned to one of the qualified Independent Reviewer Organizations (IRO) with which the Acting Administrator has a contract. Within five business days after assigning the request to the IRO, the Acting Administrator will provide the IRO with the documents and information that were considered in the denial. If the Acting Administrator does not provide this information, the IRO may end the external review and reverse the Acting Administrator's decision. If this occurs, the IRO will notify you and the Acting Administrator within one business day of this action.

The IRO will give you written notice of the request's acceptance for external review. The notice will include a statement that you have 10 business days to submit additional written information. The IRO will consider this information in its review. The IRO also may agree to consider additional information submitted after 10 business days. Within one business day after receiving additional information from you, the IRO will forward the information to the Acting Administrator. The Acting Administrator may reconsider the denial on appeal based on this additional information. If the Acting Administrator decides to reverse the denial on appeal and provide coverage or payment, written notice will be provided to you and to the IRO within one business day of the decision. The IRO's external review will end if this notice is received.

If the Acting Administrator does not provide any notice of reversal of the decision, the IRO will review all information and documents submitted by the deadline. The IRO must review each claim without being bound by or subordinate to any decisions or conclusions reached during the entire prior claims and appeals process.

In addition to the documents and information provided by you and the Claims Administrator, the IRO will consider the following information or documents if they are available and the IRO considers them appropriate:

1. Your medical records;
2. Your attending health care professional's recommendation;
3. Reports from appropriate health care professionals and other documents submitted by the Claims Administrator, you or your treating provider;
4. Plan terms unless the terms are inconsistent with applicable law;
5. Appropriate practice guidelines, which include applicable evidence-based standards;
6. Any applicable clinical review criteria developed and used by the Claims Administrator, unless the criteria are inconsistent with Plan terms or applicable law; and
7. The opinion of the IRO's clinical reviewer(s) after considering the information described above to the extent the information or documents are available and the clinical reviewer(s) consider appropriate.

The IRO will provide written notice of the decision to you and the Claims Administrator within 45 days after the IRO receives your request. This notice may contain, if relevant:

1. A general description of the reason for the request and information that identifies the claim such as the date(s) of service, health care provider, claim amount (if applicable);
2. A statement describing the availability, upon request, of the diagnosis code and/or treatment code (and their corresponding meanings);
3. The reason of the prior denial;
4. The date the IRO received the request and the date of the decision;
5. References to the evidence or documents (including the specific coverage provisions and evidence-based standards) considered in reaching the decision;
6. A discussion of the principal reason(s) for the decision, including the rationale for the decision and any evidence-based standards that were relied on in making the decision;
7. A statement that the IRO's determination is binding, unless other remedies are available under state or federal law;
8. A statement that judicial review may be available to you; and
9. The phone number and other current contact information for any applicable office of health insurance consumer assistance or ombudsmen.

If the Acting Administrator receives notice from the IRO that reverses a denial, the Acting Administrator will immediately provide or authorize coverage for or payment of the claim. The IRO will maintain records of all claims and notices associated with the outside review process for six years and make these records available for examination by you, the Claims Administrator or a state or federal oversight agency upon request (except where disclosure would violate state or federal privacy laws).

Expedited External Review. An urgent care claim or urgent health appeal is determined as such by the attending provider. In such case, for notification of the Plan's benefit determination (whether adverse or not) must be completed as soon as possible, taking into account the medical exigencies, but not later than 72 hours after the receipt of the claim.

Authorized Representative. The Acting Administrator will permit an authorized representative of the Claimant to act on behalf of the Claimant under this claim and appeal procedure. The Acting Administrator may establish reasonable procedures for determining whether an individual who purports to be an authorized representative of a Claimant has in fact been authorized to act on behalf of such Claimant.

Administrative Processes and Safeguards. The Acting Administrator will develop such administrative processes and safeguards as it deems necessary to ensure and verify that claim determinations are made in

accordance with the Plan and other governing documents, if any, and that where appropriate, the provisions of the Plan have been applied consistently with respect to similarly situated Claimants.

Time Limit to Appeal Denial of a Claim Will Be Strictly Enforced. The limits for a Claimant to file an appeal after an initial denial of a claim for benefits and to file a final appeal will be strictly enforced. If a claim is initially denied and the Claimant does not request a review within the time limit after receipt of that determination, the Claimant will forfeit his or her right to request a review of this determination.

- If a Claimant does not make an appeal within the time limit after receipt of the determination on the initial determination, the Claimant will forfeit his or her right to final appeal.
- Also, if a Claimant does not make a final appeal within the time limit after a determination, the Claimant will lose his or her right to file an action in federal or state court because the Claimant will not have exhausted his or her administrative remedies.

One Year Limit to File a Legal Action. If the Acting Administrator denies a Claim on appeal, the Claimant has the right to file suit in federal court under ERISA Section 502(a). However, no legal action for recovery of benefits allegedly due under the Prescription Drug Plan may be commenced by or on behalf of a Claimant against the Prescription Drug Plan, the Acting Administrator or any other Plan fiduciary, Claims Administrator or other Third-Party Administrator unless it is filed within one year after the date of the final determination by the Acting Administrator under the Claims Appeal Procedure described herein.

CONFIDENTIALITY

- All Appeal documentation of the Covered Person and the Company is handled in a confidential manner and in accordance with applicable statutes and regulations, including without limitation HIPAA, to protect the Covered Person's identity and his or her Prescription history.
- To promote confidentiality of the Covered Person's information, all Appeal information becomes part of a permanent case file.

EXCLUSIONS AND LIMITATIONS

This Section lists certain Medications, services, supplies, charges, and other items that are excluded from coverage under the Prescription Drug Plan. This is provided merely as an aid to identify certain common Medications, supplies, services, charges, or other items, that may be misconstrued as Covered Services, but is in no way a limitation upon, or a complete listing of, such Medications, services, supplies, charges, and other items that are not considered to be covered under the Prescription Drug Plan. Exclusions, including complications from excluded items, are not considered benefits under this Prescription Drug Plan and will not be considered for payment.

The Prescription Drug Plan does not pay costs or expenses for the following Medications, services, supplies, charges, or items, or for Medications prescribed for the following, even if deemed to be Medically Necessary, unless otherwise expressly stated below:

1. International Claims submitted by paper claim will be reimbursed; however, the following Prescription Drug Plan parameters will be waived for such International paper claims: Generic Drug Rules, Pharmacy Pricing, Days Supply, Refill Restrictions.

2. Durable Medical Equipment: These excluded devices include, but are not limited to, therapeutic devices, artificial appliances, braces, support garments, or any similar device.
3. Except as provided under the Clinical Trial coverage, Experimental, Investigational, or Unproven Medicines, or any charges related to them, even though a charge is made to a Covered Person, and whether or not incurred prior to, in connection with, or subsequent to an Experimental, Investigational, or Unproven service or supply, all as determined by True Rx; Medications or other substances used for other than FDA-approved indications; or Medications labeled: "Caution – limited by Federal law to investigational use."
4. Any Medication not approved by the FDA.
5. Except as provided under the Clinical Trial coverage, new FDA-approved drug product or technology (including but limited to Medications, medical supplies, or devices) available in the marketplace for dispensing by the appropriate source for the product or technology, including but not limited to pharmacies, for the first six months after the date the product or technology received FDA new drug approval or other applicable FDA approval. The Prescription Drug Plan may, in its sole discretion, waive this exclusion in whole in part for a specific new FDA-approved drug product or technology.
6. Medications that are prescribed for, and related to, procedures, treatments, and/or services that are otherwise excluded or not covered under the Prescription Drug Plan or the Health Care Plan.
7. Any Prescription Medications that may be properly received without charge under local, state, or federal plans or programs.
8. Any Medications, treatments, supplies, charges, or items for which the Covered Person has no legal obligation to pay in the absence of coverage under the Prescription Drug Plan or other such prescription drug coverage.
9. Except as described elsewhere within this document, over-the-counter Medications and Medication that can legally be bought without a written Prescription.
10. Cosmetic surgery and care primarily intended to improve the Covered Person's appearance. However, benefits are provided under the Prescription Drug Plan if necessary to improve a deformity arising from or directly related to a congenital abnormality, a personal injury resulting from accident or trauma, or a disfiguring disease and other than certain acne Medications such as retinoids.
11. Chemical face peels or abrasion of the skin.
12. Comfort, luxury, personal hygiene, or convenience items that are not Medically Necessary.
13. Completion of claim forms or charges for medical records or reports, unless otherwise required by law.
14. Conditions resulting from a riot, war (declared or undeclared), civil disobedience, nuclear explosion, nuclear accident, or terrorist act.
15. Court-ordered testing or care unless Medically Necessary and authorized by True Rx.
16. Custodial care, domiciliary care, or convalescent care.
17. Medical supplies stocked in the home for general use, like Band-aids, thermometers, and petroleum jelly.
18. Medications, services, supplies, charges, or items that are not Medically Necessary.

19. Medications consumed at the time and place where dispensed or where the Prescription is issued, including but not limited to samples provided by a Physician or Prescriber.
20. Medications dispensed prior to the effective date of the Prescription Drug Plan.
21. Medications received from other than a licensed pharmacy.
22. Vitamins and other nutritional diet supplements, unless prescribed.
23. Drugs used for Weight Loss
24. Drugs used to treat Infertility
25. Off-label use, except as otherwise prohibited by law.
26. Quantities that exceed limits established by the Prescription Drug Plan.
27. Quantities that exceed the quantity prescribed, or for any refill dispensed later than one year after the date of the original Prescription order.
28. Specialty Drugs, which includes Gene & Cell Therapy.
29. Any other Medication, product, service or supply not specifically authorized and payable under the Prescription

CONTINUATION COVERAGE UNDER COBRA

8.1 RIGHT TO ELECT CONTINUATION COVERAGE

If a Qualified Beneficiary loses coverage under the Group Health Plan due to a Qualifying Event, he or she may elect to continue coverage under the Group Health Plan in accordance with COBRA upon payment of the monthly contribution specified from time to time by the Company. A Qualified Beneficiary must elect the coverage within the sixty (60) day period beginning on the later of:

- A. the date of the Qualifying Event; or
- B. the date the Qualified Beneficiary was notified of his or her right to continue coverage.

8.2 NOTIFICATION OF QUALIFYING EVENT

If the Qualifying Event is divorce, legal separation or a Dependent child's ineligibility under a Group Health Plan, the Qualified Beneficiary must notify the Company, in writing addressed to the Plan Administrator, of the Qualifying Event within thirty-one (31) days of the event, or within thirty-one (31) days of the date the Qualified Beneficiary would lose coverage because of the event, in order for coverage to continue. Appropriate documentation of the Qualifying Event must be submitted, including, as appropriate, final divorce and legal separation decrees issued and properly signed by the court. In addition, a Totally Disabled Qualified Beneficiary must notify the Company in accordance with the section below entitled "Total Disability" in order for coverage to continue.

8.3 LENGTH OF CONTINUATION COVERAGE

A Qualified Beneficiary who loses coverage may continue coverage under the Group Health Plan for:

A. Any Qualified Beneficiary who loses coverage due to the reduction in hours or termination of employment (other than for gross misconduct) of a Covered Employee:

1. for up to eighteen (18) months from the date of the Qualifying Event; or
2. if a Qualified Beneficiary is Totally Disabled at any time during the first sixty (60) days of Continuation Coverage, he or she may continue coverage for up to twenty-nine (29) months from the date of the Qualifying Event, provided the Qualified Beneficiary notifies the Company of the determination of his or her Total Disability under the Social Security Act:
 - a. before the end of the original eighteen (18) month continuation period; and
 - b. within sixty (60) days following the date of such determination; or

B. Any Qualified Beneficiary who loses coverage due to the Covered Employee's death, divorce, or Medicare eligibility and Dependent children who have become ineligible for coverage may continue under the Group Health Plan for up to thirty-six (36) months from the date of the Qualifying Event.

8.4 TERMINATION OF CONTINUATION COVERAGE

Continuation Coverage will automatically end earlier than the applicable eighteen (18) or thirty-six (36) month period for a Qualified Beneficiary if:

A. the required monthly contribution for coverage is not received by the Company within thirty (30) days following the date it is due;

B. the Qualified Beneficiary becomes covered under any other Group Health Plan containing an exclusion or limitation relating to a Pre-Existing Condition, and such exclusion or limitation applies to the Qualified Beneficiary, then the Qualified Beneficiary shall be eligible for Continuation Coverage as long as the exclusion or limitation relating to the Pre-Existing Condition applies to the Qualified Beneficiary;

C. for Totally Disabled Qualified Beneficiaries continuing coverage for up to twenty-nine (29) months, the last day of the month coincident with or following thirty (30) days from the date of a final determination by the Social Security Administration that such Qualified Beneficiary is no longer Totally Disabled;

D. the Qualified Beneficiary becomes entitled to Medicare benefits; or

E. the Company ceases to offer any Group Health Plans.

8.5 MULTIPLE QUALIFYING EVENTS

If a Qualified Beneficiary is continuing coverage due to a Qualifying Event for which the maximum Continuation Coverage is eighteen (18) months, and a second Qualifying Event occurs during the eighteen (18) month period, the Qualified Beneficiary may elect, in accordance with the section entitled "Right to Elect Continuation Coverage," to continue coverage under the Group Health Plan for up to thirty-six (36) months from the date of the first Qualifying Event.

8.6 TOTAL DISABILITY

In the case of a Qualified Beneficiary who is determined under Title II or XVI of the Social Security Act (hereinafter the "Act") to have been Totally Disabled at the time of a Qualifying Event or at any time during the first sixty (60) days of the Qualified Beneficiary's Continuation Coverage (if the Qualifying Event is termination of employment or reduction in hours), that Qualified Beneficiary may continue coverage (including coverage for Dependents who were covered under the Continuation Coverage) for a total of twenty-nine (29) months as long as the Qualified Beneficiary notifies the Employer, in writing addressed to the Plan Administrator:

A. prior to the end of eighteen (18) months of Continuation Coverage that he or she was disabled as of the date of the Qualifying Event; and

B. within sixty (60) days of the determination of Total Disability under the Act.

A copy of the determination letter from Social Security must be submitted with the notification. The Employer will charge the Qualified Beneficiary an increased contribution for Continuation Coverage extended beyond eighteen (18) months pursuant to this Section. If during the period of extended coverage for Total Disability (Continuation Coverage months nineteen (19) through twenty-nine (29)) a Qualified Beneficiary is determined to be no longer Totally Disabled under the Act:

A. the Qualified Beneficiary shall notify the Employer of this determination within thirty (30) days; and

B. Continuation Coverage shall terminate the last day of the month following thirty (30) days from the date of the final determination under the Act that the Qualified Beneficiary is no longer Totally Disabled.

8.7 CARRYOVER OF DEDUCTIBLES AND PLAN MAXIMUMS

If Continuation Coverage under the Group Health Plan is elected by a Qualified Beneficiary under COBRA, expenses already credited to the Plan's applicable Deductible, Copayment and/or Coinsurance features for the year will be carried forward into the Continuation Coverage elected for that year. Similarly, amounts applied toward any maximum payments under the Plan will also be carried forward into the Continuation Coverage. Coverage will not be continued for any benefits for which Plan maximums have been reached.

8.8 PAYMENTS OF PREMIUM

The Group Health Plan will determine the amount of premium to be charged for Continuation Coverage for any period, which will be a reasonable estimate of the cost of providing coverage for such period for similarly situated individuals, determined on an actuarial basis and considering such factors as the Secretary of Labor may prescribe.

A. The Group Health Plan may require a Qualified Beneficiary to pay a contribution for coverage that does not exceed one hundred two percent (102%) of the applicable premium for that period.

B. For Qualified Beneficiaries whose coverage is continued pursuant to the Section entitled "Total Disability" of this provision, the Group Health Plan may require the Qualified Beneficiary to pay a contribution for coverage that does not exceed one hundred fifty percent (150%) of the applicable premium for continuation coverage months nineteen (19) through twenty-nine (29).

C. Contributions for coverage may, at the election of the payer, be paid in monthly installments.

D. If Continuation Coverage is elected, the first monthly contribution for coverage must be made within forty-five (45) days of the date of election.

Without further notice from the Company, the Qualified Beneficiary must pay the monthly contribution for coverage by the first day of the month for which coverage is to be effective. If payment is not received by the Company within thirty (30) days of the payment's due date, Continuation Coverage will terminate in accordance with the section entitled "Termination of Continuation Coverage," Subsection A. No claim will be payable under this provision for any period for which the contribution for coverage is not received from or on behalf of the Qualified Beneficiary.

8.9 DEFINITIONS

For purposes of this Article VI, unless specifically stated otherwise, the following definitions apply:

- A. "COBRA" means the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.
- B. "Code" means the Internal Revenue Code of 1986, as amended.
- C. "Company" means the Employer, as defined in Article III.
- D. "Continuation Coverage" means the Group Health Plan coverage elected by a Qualified Beneficiary under COBRA.
- E. "Covered Employee" has the same meaning as that term is defined in COBRA and the regulations thereunder.
- F. "Group Health Plan" has the same meaning as that term is defined in COBRA and the regulations thereunder.
- G. "Qualified Beneficiary" means: for Prescription Benefits
 - 1. a Covered Employee whose employment terminates (other than for gross misconduct) or whose hours are reduced, rendering the Covered Employee ineligible for coverage under the Plan; and
 - 2. a covered spouse or Dependent who becomes eligible for coverage under the Plan due to a Qualifying Event, as defined below. Qualified Beneficiary also includes any child who is born to or Placed for Adoption with the Covered Employee during the period of Continuation Coverage.
- H. "Qualifying Event" means the following events which, but for Continuation Coverage, would result in the loss of coverage of a Qualified Beneficiary:
 - 1. termination of a Covered Employee's employment (other than gross misconduct) or reduction in the Covered Employee's hours of employment;
 - 2. the death of the Covered Employee;
 - 3. the divorce or legal separation of the Covered Employee from his or her spouse;
 - 4. the Covered Employee becoming entitled to Medicare coverage; or
 - 5. a child ceasing to be eligible as a Dependent child under the terms of the Group Health Plan.
- I. "Totally Disabled" or "Total Disability" means totally disabled as determined under Title II or Title XVI of the Social Security Act.

8.10 COBRA BANKRUPTCY PROVISIONS UNDER TITLE XI

For purposes of this subsection only:

A. "Qualified Beneficiary" means:

1. a Covered Employee who retired on or before the date of the Qualifying Event and who was covered as a retiree under the Group Health Plan;
2. an individual who was covered under the Group Health Plan as a surviving spouse of a deceased retiree on the day before the date of the Qualifying Event; and
3. a Dependent of either of the above described individuals who was covered under the Group Health Plan on the day before the date of the Qualifying Event.

B. "Qualifying Event" means the substantial elimination of coverage under the Group Health Plan within one (1) year before or after the Company files a petition in bankruptcy under Title XI of the United States Code.

If a Qualified Beneficiary experiences a Qualifying Event, as defined in this provision, he or she may elect to continue coverage under the Group Health Plan if he or she pays the monthly contribution specified from time to time by the Company and makes his or her election in accordance with the provision above entitled "Right to Elect Continuation Coverage." Continuation Coverage for a Qualified Beneficiary who is a retiree and his or her Dependents who are Qualified Beneficiaries will continue for the life of the retiree. When the retiree dies, his or her Qualified Beneficiaries may elect to continue coverage for up to thirty-six (36) additional months. If a surviving spouse and Dependent children are covered as beneficiaries of a deceased retiree when the loss of coverage due to bankruptcy occurs, they may elect to continue coverage until the death of the surviving spouse. Upon the death of the surviving spouse, the Continuation Coverage terminates. Continuation Coverage elected under this provision will automatically end earlier than the periods specified above if the required contribution for coverage is not paid on a timely basis or if the Company ceases to offer any Group Health Plans.

GENERAL INFORMATION

9.1 COORDINATION OF BENEFITS

Coordination of benefits ("COB") is a feature that prevents duplicate payment under this Prescription Drug Plan and other health insurance or prepayment plans, including Medicare Part A or Part B or other types of insurance. A Covered Person may have coverage under this Prescription Drug Plan, some other health plan of coverage or other kind of insurance policy at the same time. Other health plans of coverage include a group sickness and accident insurance policy or program, a group contract of a health maintenance organization, an individual sickness and accident insurance policy and an individual contract of a health maintenance organization. Other kinds of insurance policies include your automobile insurance policy's medical payments and uninsured motorist's coverage. For example, a person may be covered by an employer's group insurance program and also by the group program provided by a spouse's employer. Or, a person may be covered by an employer's group insurance and also have coverage under a parent's group plan. If a Covered Person files a claim under this Prescription Drug Plan for services or supplies that are also covered under another plan or insurance policy, for instance, one of the plans or policies listed in the first paragraph, payments will be "coordinated." This means that this Prescription Drug Plan will adjust its benefit payments so that combined payments under this and any other health plan(s) or insurance policy will be no more than the usual, Customary, and Reasonable fee payments. Once a Covered Person has provided this Prescription Drug Plan with information about other health benefit plans and health benefits under other insurance policies under which he or she has coverage, the Prescription Drug Plan will handle the coordination. This will be done according to the "Order of Benefit Determination." The Order of Benefit Determination works as follows:

A. The plan that pays first is called the primary plan. Any other plan that covers the Covered Person is called the secondary plan. A group or individual plan or policy that does not contain a COB feature is always primary.

B. A plan that covers a person as the certificate holder or the contract holder is primary. In the two examples given, the coverage the person has through his or her employer would be primary. The coverage through a spouse's or parent's employer would be secondary. The exception to this would be when the laws and regulations governing Medicare require that the plan covering the person as a Dependent pay its benefits as primary to Medicare, but such laws and regulations also provide that the plan covering them as the certificate holder/contract holder should pay its benefits as secondary to Medicare. In such a case, the plan which is required to pay as primary to Medicare shall also pay as primary to the other coverage.

C. If a person is covered as a Dependent child of two working parents, the plan of the parent whose birthday falls earliest in the year has primary responsibility for paying the claim. The plan of the parent with the later birthday becomes the secondary plan. If both parents have the same birthday, the parent whose coverage has been in effect the longest is primary. The ages of the respective parents are not relevant. This method of coordinating benefits is commonly referred to as the "birthday rule." If divorced or separated parents (and/or their current spouses) each have group health care coverage that includes a Dependent, the order of benefit determination will be determined, as follows:

1. the plan of the custodial parent, if any, shall pay its benefits first;
2. the plan of the spouse of the custodial parent, if any, will pay next;
3. the plan of the non-custodial parent, if any, will pay after the prior listed plans; and
4. the plan of the spouse of the non-custodial parent, if any, shall pay its benefits last.

However, if a court order establishes responsibility for payment of health care benefits with the parent who does not have custody of the Dependent and the entity that would be for Prescription Benefits obligated to pay the benefits has actual knowledge of the court order's terms, the plan of such non-custodial parent shall pay its benefits before any of the other plans listed above. If the non-custodial parent named in the court order as responsible for the health care benefits does not have any health coverage, the plan of the non-custodial parent's spouse, if any, shall pay its benefits before any of the other plans listed above. If the court order specifies that the parents have joint custody, and neither parent is named as the primary residential custodian, or the court order requires both parents to provide health care coverage, the "birthday rule" specified above shall apply.

D. A plan that covers a person as an active employee or as a Dependent of an active employee is primary to a plan that covers a person as an inactive employee, such as a laid-off or retired employee or as a Dependent of a laid-off or retired employee.

E. There are some situations in which none of these rules apply. Here the program that has been in effect longer is primary. An example would be when a person who works two jobs has health coverage through both employers.

F. A plan or policy that covers a specific event may be primary to a plan that provides general coverage. For example, if a person is injured in an automobile accident with an uninsured motorist, his or her automobile policy's uninsured motorist's coverage would be primary to a group health plan if both policies had similar provisions regarding other insurance.

If coverage under this Prescription Drug Plan is primary, benefits will be paid as if the Covered Person had no other coverage. But if this coverage is secondary, this Prescription Drug Plan's payments will be calculated by subtracting the primary plan's benefits for the services and supplies covered under this Prescription Drug Plan from the Reasonable, or the usual, customary and reasonable allowance for the services and supplies. Of course, the Prescription Drug Plan will not pay more when secondary than it would if primary. By accepting coverage under this Prescription Drug Plan, a Covered Person agrees to do two things to enable the Prescription Drug Plan to coordinate benefits. First, the Covered Person will supply the Prescription Drug Plan with information about other coverage he or she has when asked. Second, if the Prescription Drug Plan makes a payment and later finds out that the coverage under this Prescription Drug Plan should not have been primary, the Covered Person will return the excess amount to the Prescription Drug Plan. The Prescription Drug Plan has the right to obtain information needed to coordinate benefits from others as well, i.e., insurance companies and other persons, for instance.

9.2 THIRD PARTY RECOVERY, SUBROGATION AND REIMBURSEMENT

Payment Condition

The Prescription Drug Plan, in its sole discretion, may elect to conditionally advance payment of benefits in those situations where an injury, illness, disease or disability is caused in whole or in part by, or results from the acts or omissions of Participants, and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (collectively referred to hereinafter in this section as "Participant(s)") or a third party, where any party besides the Prescription Drug Plan may be responsible for expenses arising from an incident, and/or other funds are available, including but not limited to no-fault, uninsured motorist, underinsured motorist, medical payment provisions, third party assets, third party insurance, and/or guarantor(s) of a third party (collectively "Coverage").

Participant(s), his or her attorney, and/or Legal Guardian of a minor or incapacitated individual agrees that acceptance of the Prescription Drug Plan's conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain one hundred percent (100%) of the Prescription Drug Plan's conditional payment of benefits or the full extent of payment from any one (1) or combination of first and third party sources in trust, without disruption except for reimbursement to the Prescription Drug Plan or the its assignee. The Prescription Drug Plan shall have an equitable lien on any funds received by the Participant(s) and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Participant(s) agrees to include the Prescription Drug Plan's name as a co-payee on any and all settlement drafts. Further, by accepting benefits the Participant(s) understands that any recovery obtained pursuant to this section is an asset of the Prescription Drug Plan to the extent of the amount of benefits paid by the Prescription Drug Plan and that the Participant shall be a trustee over those Prescription Drug Plan assets.

In the event a Participant(s) settles, recovers, or is reimbursed by any Coverage, the Participant(s) agrees to reimburse the Prescription Drug Plan for all benefits paid or that will be paid by the Prescription Drug Plan on behalf of the Participant(s). If the Participant(s) fails to reimburse the Prescription Drug Plan out of any judgment or settlement received, the Participant(s) will be responsible for any and all expenses (fees and costs) associated with the Prescription Drug Plan's attempt to recover such money.

If there is more than one (1) party responsible for charges paid by the Prescription Drug Plan or may be responsible for charges paid by the Prescription Drug Plan, it will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Participant(s) is/are only one (1) or a few, that unallocated settlement fund is considered designated as an "identifiable" fund from which the Prescription Drug Plan may seek reimbursement.

Subrogation

As a condition to participating in and receiving benefits under this Prescription Drug Plan, the Participant(s) agrees to assign to the Prescription Drug Plan the right to subrogate and pursue any and all claims, causes of action or rights that may arise against any person, corporation and/or entity and to any Coverage to which the Participant(s) is entitled, regardless of how classified or characterized, at the Plan Administrator's discretion, if the Participant(s) fails to so pursue said rights and/or action.

If a Participant(s) receives or becomes entitled to receive benefits, an automatic equitable lien attaches in favor of the Prescription Drug Plan to any claim, which any Participant(s) may have against any Coverage and/or party causing the sickness or injury to the extent of such conditional payment by the Prescription Drug Plan plus reasonable costs of collection. The Participant is obligated to notify the Prescription Drug Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds. The Participant is also obligated to hold any and all funds so received in trust on the Prescription Drug Plan's behalf and function as a trustee as it applies to those funds until the Prescription Drug Plan's rights described herein are honored and the Prescription Drug Plan is reimbursed.

The Plan Administrator of the Prescription Drug Plan may, at its discretion, in its own name or in the name of the Participant(s) commence a proceeding or pursue a claim against any party or Coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Prescription Drug Plan. If the Participant(s) fails to file a claim or pursue damages against:

1. the responsible party, its insurer, or any other source on behalf of that party;
2. any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
3. any policy of insurance from any insurance company or guarantor of a third party;
4. workers' compensation or other liability insurance company; or
5. any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage,

the Participant(s) authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Participant(s)' and/or the Plan's name and agrees to fully cooperate with the Plan in the prosecution of any such claims. The Participant(s) assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

Right of Reimbursement

The Prescription Drug Plan shall be entitled to recover one hundred percent (100%) of the benefits paid, without deduction for attorneys' fees and costs or application of the common fund doctrine, make whole doctrine, or any other similar legal theory, without regard to whether the Participant(s) is fully compensated by his or her recovery from all sources. The Prescription Drug Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines, and laws of any State prohibiting assignment of rights which interferes with or compromises in any way the Prescription Drug Plan's equitable lien and right to reimbursement. The obligation to reimburse the Prescription Drug Plan in full exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability, or other expenses. If the Participant(s)' recovery is less than the benefits paid, then the Prescription Drug Plan is entitled to be paid all of the recovery achieved. Any funds received by the Participant are deemed held in constructive trust and should not be dissipated or disbursed until such time as the Participant's obligation to reimburse the Prescription Drug Plan has been

satisfied in accordance with these provisions. The Participant is also obligated to hold any and all funds so received in trust on the Prescription Drug Plan's behalf and function as a trustee as it applies to those funds until the Prescription Drug Plan's rights described herein are honored and the Prescription Drug Plan is reimbursed.

No court costs, experts' fees, attorneys' fees, filing fees, or other costs or expenses of litigation may be deducted from the Prescription Drug Plan's recovery without the prior, express written consent of the Prescription Drug Plan. The Prescription Drug Plan's right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Participant(s), whether under the doctrines of causation, comparative fault or contributory negligence, or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Prescription Drug Plan's recovery will not be applicable to the Prescription Drug Plan and will not reduce the Prescription Drug Plan's reimbursement rights.

These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Prescription Drug Plan and signed by the Participant(s).

This provision shall not limit any other remedies of the Prescription Drug Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable sickness, injury, disease or disability.

Participant is a Trustee Over Prescription Drug Plan Assets

Any Participant who receives benefits and is therefore subject to the terms of this section is hereby deemed a recipient and holder of Prescription Drug Plan assets and is therefore deemed a trustee of the Prescription Drug Plan solely as it relates to possession of any funds which may be owed to the Prescription Drug Plan as a result of any settlement, judgment or recovery through any other means arising from any injury or accident. By virtue of this status, the Participant understands that he/she is required to:

1. notify the Prescription Drug Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds;
2. instruct his/her attorney to ensure that the Prescription Drug Plan and/or its authorized representative is included as a payee on all settlement drafts;
3. in circumstances where the Participant is not represented by an attorney, instruct the insurance company or any third party from whom the Participant obtains a settlement, judgment or other source of Coverage to include the Prescription Drug Plan or its authorized representative as a payee on the settlement draft; and
4. hold any and all funds so received in trust, on the Prescription Drug Plan's behalf, and function as a trustee as it applies to those funds, until the Prescription Drug Plan's rights described herein are honored and the Prescription Drug Plan is reimbursed.

To the extent the Participant disputes this obligation to the Prescription Drug Plan under this section, the Participant or any of its agents or representatives is also required to hold any/all settlement funds, including the entire settlement if the settlement is less than the Prescription Drug Plan's interests, and without reduction in consideration of attorney's fees, for which he/she exercises control, in an account segregated from their general accounts or general assets until such time as the dispute is resolved. No Participant, beneficiary, or the agents or representatives thereof, exercising

control over plan assets and incurring trustee responsibility in accordance with this section will have any authority to accept any reduction of the Prescription Drug Plan's interest on its behalf.

Excess Insurance

If at the time of injury, sickness, disease or disability there is available, or potentially available, any Coverage (including but not limited to Coverage resulting from a judgment at law or settlements), the benefits under this Prescription Drug Plan shall apply only as an excess over such other sources of Coverage, except as otherwise provided for under the Prescription Drug Plan's Coordination of Benefits section. The Prescription Drug Plan's benefits shall be excess to any of the following:

1. the responsible party, its insurer, or any other source on behalf of that party;
2. any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
3. any policy of insurance from any insurance company or guarantor of a third party;
4. workers' compensation or other liability insurance company; or
5. any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

Separation of Funds

Benefits paid by the Prescription Drug Plan, funds recovered by the Participant(s), and funds held in trust over which the Prescription Drug Plan has an equitable lien exist separately from the property and estate of the Participant(s), such that the death of the Participant(s), or filing of bankruptcy by the Participant(s), will not affect the Prescription Drug Plan's equitable lien, the funds over which the Prescription Drug Plan has a lien, or the Prescription Drug Plan's right to subrogation and reimbursement.

Wrongful Death

In the event that the Participant(s) dies as a result of his or her injuries and a wrongful death or survivor claim is asserted against a third party or any Coverage, the Prescription Drug Plan's subrogation and reimbursement rights shall still apply, and the entity pursuing said claim shall honor and enforce these Prescription Drug Plan rights and terms by which benefits are paid on behalf of the Participant(s) and all others that benefit from such payment.

Obligations

It is the Participant's/Participants' obligation at all times, both prior to and after payment of medical benefits by the Prescription Drug Plan:

1. to cooperate with the Prescription Drug Plan, or any representatives of the Prescription Drug Plan, in protecting its rights, including discovery, attending depositions, and/or cooperating in trial to preserve the Prescription Drug Plan's rights;

2. to provide the Prescription Drug Plan with pertinent information regarding the sickness, disease, disability, or injury, including accident reports, settlement information and any other requested additional information;
3. to take such action and execute such documents as the Prescription Drug Plan may require to facilitate enforcement of its subrogation and reimbursement rights;
4. to do nothing to prejudice the Prescription Drug Plan's rights of subrogation and reimbursement;
5. to promptly reimburse the Prescription Drug Plan when a recovery through settlement, judgment, award or other payment is received;
6. to notify the Prescription Drug Plan or its authorized representative of any settlement prior to finalization of the settlement; G. to not settle or release, without the prior consent of the Prescription Drug Plan, any claim to the extent that the Participant may have against any responsible party or coverage;
7. to instruct his/her attorney to ensure that the Prescription Drug Plan and/or its authorized representative is included as a payee on any settlement draft;
8. in circumstances where the Participant is not represented by an attorney, instruct the insurance company or any third party from whom the Participant obtains a settlement to include the Prescription Drug Plan or its authorized representative as a payee on the settlement draft; and
9. to make good faith efforts to prevent disbursement of settlement funds until such time as any dispute between the Prescription Drug Plan and Participant over settlement funds is resolved.

If the Participant(s) and/or his or her attorney fails to reimburse the Prescription Drug Plan for all benefits paid or to be paid, as a result of said injury or condition, out of any proceeds, judgment or settlement received, the Participant(s) will be responsible for any and all expenses (whether fees or costs) associated with the Prescription Drug Plan's attempt to recover such money from the Participant(s). The Prescription Drug Plan's rights to reimbursement and/or subrogation are in no way dependent upon the Participant's/Participants' cooperation or adherence to these terms.

Offset

If timely repayment is not made, or the Participant and/or his or her attorney fails to comply with any of the requirements of the Prescription Drug Plan, it has the right, in addition to any other lawful means of recovery, to deduct the value of the Participant's amount owed to the Prescription Drug Plan. To do this, the Prescription Drug Plan may refuse payment of any future medical benefits and any funds or payments due under this Prescription Drug Plan on behalf of the Participant(s) in an amount equivalent to any outstanding amounts owed by the Participant to the Prescription Drug Plan. This provision applies even if the Participant has disbursed settlement funds.

Minor Status

In the event the Participant(s) is a minor as that term is defined by applicable law, the minor's parents or court-appointed guardian shall cooperate in any and all actions by the Prescription Drug Plan to seek and obtain requisite court approval to bind the minor and his or her estate insofar as these subrogation and reimbursement provisions are concerned. If the minor's parents or court-appointed guardian fail to take such action, the Prescription Drug Plan shall have no obligation to advance payment of medical benefits on behalf of the minor. Any court costs or legal fees associated with obtaining such approval shall be paid by the minor's parents or court appointed guardian.

Language Interpretation

The Prescription Drug Plan Administrator retains sole, full and final discretionary authority to construe and interpret the language of this provision, to determine all questions of fact and law arising under this provision, and to administer the Prescription Drug Plan's subrogation and reimbursement rights. The Plan Sponsor may amend the Prescription Drug Plan at any time without notice.

Severability

In the event that any section of this provision is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of such provision. All sections shall be fully severable. The Prescription Drug Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the Prescription Drug Plan.

9.3 MEDICARE BENEFITS

This provision prevents duplication of benefits for Covered Expenses when Medical Care benefits are available from Medicare. Benefits under this Prescription Drug Plan will be reduced to the extent that the Participant or his or her Dependents are reimbursed or entitled to reimbursement for those expenses by Medicare. Any individual at any time entitled to enroll in Medicare will be considered enrolled in Part A and Part B even if the individual did not enroll. Unless the employer sponsoring the plan is a small employer under the Medicare rules, active employees and/or their spouses who are sixty-five (65) or over may choose to have the employer sponsored program as primary coverage, in which case Medicare may pay benefits on a secondary basis. Otherwise, and in any instance, an Employee may elect to drop out of the employer sponsored program and choose Medicare as primary coverage. Employees in this category who are enrolled under this Prescription Drug Plan will remain so enrolled with this Prescription Drug Plan as primary coverage unless an election form is on file indicating otherwise. The Prescription Drug Plan may also pay its benefits as primary to Medicare's in other situations, as prescribed by applicable laws and regulations. The Prescription Drug Plan intends to comply with the federal Social Security Act, as amended, and other applicable laws, as such apply to Medicare benefits.

9.4 ADDITIONAL RIGHTS OF RECOVERY

If payments are made under the Prescription Drug Plan that should not have been made, the Prescription Drug Plan may recover any overpaid or incorrect payment. The Prescription Drug Plan may recover this payment from the person or entity to whom it was made or from any other appropriate party. If any such overpaid or incorrect payment is made to any Covered Person, the Prescription Drug Plan may deduct it when making future payments directly to the Covered Person. Once the Plan Administrator determines that a previous benefit payment should be reimbursed, in whole or in part, at any time, the Covered Person and/or the applicable Provider will be notified of such

overpayment, and a request will be made for such Covered Person and/or the Provider to reimburse the Prescription Drug Plan. If the reimbursement is not made as requested, such amount will constitute a lien against future claim payments that would otherwise be paid on the Covered Person's behalf. The Plan Administrator retains the right to reduce or withhold such future claim payments until the lien is satisfied. This Prescription Drug Plan will comply with Sections 609(b)(1), (2) and (3) of the Employee Retirement Income Security Act with regard to Covered Persons eligible for Medicaid. Any Covered Person's eligibility for, or participation in, a Medicaid program will not affect determination of whether or not payments should be made. Under state and federal law, should a Covered Person be entitled to payment of a claim under this Prescription Drug Plan, and all or part of that claim has been paid by Medicaid, then the state is subrogated to the Covered Person's right to payment under this Prescription Drug Plan to the extent of the amount paid by Medicaid, and reimbursement under this Prescription Drug Plan will be made in that amount directly to the state.

9.5 FACILITY OF PAYMENT

Whenever a Covered Person or provider to whom payments are directed to be made is mentally, physically, or legally incapable of receiving or acknowledging receipt of such payments, the Plan Administrator, the Claims Administrator and/or Benefit Manager shall have no any obligation to see that a legal representative is appointed or to make payments to such legal representative, if appointed. A determination of payment made in good faith shall be conclusive on all persons. The Plan Administrator, Claims Administrator, Benefit Manager or any fiduciary shall not be liable to any person as a result of a payment made and shall be fully discharged from all future liability with respect to a payment made.

9.6 ADMINISTRATION OF THE PLAN

Except as otherwise specifically provided for in the Prescription Drug Plan, the Plan Administrator shall have the exclusive authority to control and manage the operation and administration of the Plan and shall be Named Fiduciary of the Plan for purposes of ERISA. The Plan Administrator shall have all power necessary or convenient to enable it to exercise such authority. In connection therewith, the Plan Administrator may provide rules and regulations, not inconsistent with the provisions thereof, for the operation and management of the Plan, and may from time to time amend or rescind such rules or regulations. The Plan Administrator may accept service of legal process for the Plan and shall have the full discretion, power, and the duty to take all action necessary or proper to carry out the duties required under ERISA and all other applicable law.

The Plan Administrator may delegate duties involved in the administration of this Prescription Drug Plan to such person or persons whose services are deemed necessary or convenient; provided however, that both the ultimate responsibility for the administration of this Prescription Drug Plan and the authority to interpret this Prescription Drug Plan shall remain with the Plan Administrator. The Employer shall indemnify any employee to whom duties are delegated by the Plan Administrator pursuant to this section from and against any liability that such employee may incur in the administration of the Prescription Drug Plan, except for liabilities arising from the recklessness or willful misconduct of such employee.

The Plan Administrator shall be responsible for controlling and managing the operation and administration of this Prescription Drug Plan, including, but not limited to, the power:

1. to employ one (1) or more persons or entities to render advice with respect to any responsibility the Plan Administrator has under this Prescription Drug Plan;
2. to construe and interpret this Prescription Drug Plan;
3. to adopt such rules, regulations, forms and procedures as from time to time it deems advisable or appropriate in the proper administration of this Prescription Drug Plan;

4. to decide all questions of eligibility and to determine the amount, manner and time of payment of any benefits hereunder;
5. to prescribe procedures to be followed by any person in applying for any benefits under this Prescription Drug Plan and to designate the forms, documents, evidence or such other information as the Plan Administrator may reasonably deem necessary to support an application for any benefits under this Prescription Drug Plan;
6. to authorize, in its discretion, payments of benefits properly payable pursuant to the provisions of this Prescription Drug Plan;
7. to prepare and to distribute, in such manner as it deems appropriate, information explaining the Prescription Drug Plan;
8. to apply consistently and uniformly to all Covered Persons in similar circumstances its rules, regulations, determinations and decisions;
9. to prepare and file such reports and to complete and to distribute such other documents as may be required to comply fully with the provisions of ERISA and all other applicable laws, and all regulations promulgated thereunder; and
10. to retain counsel (who may, but need not, be counsel to the Company), to employ agents and to provide for such clerical, medical, accounting, auditing and other services as it may require in carrying out the provisions of the Prescription Drug Plan.

The Plan Administrator shall be the sole judge of the standards of proof required in any case. In the application and interpretation of this Prescription Drug Plan document, the decision of the Plan Administrator shall be final and binding on the Participants, Dependents, and all other persons. The Plan Administrator shall have the full power and authority, in its sole discretion to the fullest extent under law, to construe and interpret the provisions and terms of this Prescription Drug Plan document and all other written documents. Any such determination and any such construction adopted by the Plan Administrator shall be binding upon all of the parties hereto and the beneficiaries thereof and may not be reversed by a court of competent jurisdiction unless the court finds the determination to be arbitrary and capricious.

9.7 NON-ALIENATION AND ASSIGNMENT

The Prescription Drug Plan shall not be liable for any debt, liability, contract or tort of any employee or Covered Person. The Prescription Drug Plan shall pay all benefits due and payable for Covered Expenses directly to the Covered Person who incurred the Covered Expenses, and no Prescription Drug Plan benefits shall be subject to anticipation, sale, assignment, transfer, encumbrance, pledge, charge, attachment, garnishment, execution, alienation or any other voluntary or involuntary alienation or other legal or equitable process not transferable by operation of law; provided however, that a Covered Person to whom benefits are otherwise payable may assign benefits to a Hospital, Physician or other service provider; provided further, that any such assignment of benefits by a Covered Person to a Hospital, Physician or other service provider shall be binding on the Prescription Drug Plan only if:

1. the Plan Administrator or Benefit Manager is notified of such assignment prior to payment of benefits;
2. the assignment is made on a form provided by, or approved by, the Plan Administrator or the Benefit Manager; and

3. the assignment contains such additional terms and conditions as may be required from time to time by the Plan Administrator or Benefit Manager.

9.8 FAILURE TO ENFORCE

Failure to enforce any provision of this Prescription Drug Plan does not constitute a waiver or otherwise affect the Plan Administrator's right to enforce such a provision at another time, nor will such failure affect the right to enforce any other provision.

9.9 FIDUCIARY RESPONSIBILITIES

No fiduciary of the Prescription Drug Plan shall be liable for any acts or omission in carrying out his, her or its responsibilities under the Prescription Drug Plan, except as may be provided under ERISA and other applicable laws. Each fiduciary under the Prescription Drug Plan shall be responsible only for the specific duties assigned to such fiduciary under the Prescription Drug Plan and shall not be directly or indirectly responsible for the duties assigned to another fiduciary, except as may be otherwise provided in ERISA and other applicable laws.

9.10 DISCLAIMER OF LIABILITY

The Prescription Drug Plan is not responsible for the efficiency or integrity of any health care provider delivering services or supplies utilized by the Participant. The Prescription Drug Plan is not liable in any way for the effect of delivery of such services or supplies, the results of actions taken as a result of such services or supplies being limited or not covered by the Prescription Drug Plan, nor any limitations imposed on the cost sharing responsibility of the Prescription Drug Plan. Nothing contained herein shall confer upon a Covered Person any claim, right or cause of action, either at law or at equity, against the Prescription Drug Plan, Plan Administrator, the Claims Administrator, or the Benefit Manager, or any Employer for the acts or omissions of any health care provider from whom a Covered Person receives care, or for the acts or omission of any Physician from whom the Covered Person receives care under the Prescription Drug Plan, or for any acts or omissions of any provider of services or supplies under this Prescription Drug Plan. The Prescription Drug Plan, the Plan Administrator, the Claim Administrator and the Benefit Manager have no responsibility for or control over the actions of any Preferred Provider networks offering services and/or supplies under the Prescription Drug Plan.

9.11 ADMINISTRATIVE AND CLERICAL ERRORS

The benefits payable to or on behalf of a Participant or Dependent under this Prescription Drug Plan will not be decreased nor increased due to administrative or clerical errors made by the Employer, the Plan Administrator, the Claims Administrator, any Utilization Review Service or the Benefit Manager. If written application for coverage for an eligible employee or Dependent is submitted by a Participant within the applicable time frame, any subsequent administrative or clerical error made by the Employer, the Plan Administrator, Claims Administrator or the Benefit Manager shall not act to delay the effective date of such person's coverage beyond the date such coverage would otherwise become effective if such application was processed in a timely manner. In addition, any such error made in claims processing, utilization review or other administrative functions shall not affect the benefits payable to or on behalf of a Covered Person under this Prescription Drug Plan. The Plan Administrator or Claims Administrator may require proof of an error described in this provision. The Plan Administrator shall have the sole responsibility to determine when an error is an "administrative or clerical" error and will be the sole judge of any proof required.

9.12 RESCISSION OF COVERAGE

A rescission of coverage means that the coverage may be legally voided retroactively to a previous date so that coverage is available as if the Participant did not have coverage at all retroactive to such prior date. Coverage can only be rescinded in this manner if the individual (or a person seeking coverage on an individual's behalf) performs

an act, practice, or omission that constitutes fraud; or unless the individual (or a person seeking coverage on the individual's behalf) makes a material misrepresentation of material fact, as prohibited by the terms of this Prescription Drug Plan, or otherwise. Such individual will be provided with thirty (30) calendar days' advance notice before coverage is rescinded. Such individual has the right to request an internal appeal of a rescission of his or her coverage under the Claims Procedure under the Prescription Drug Plan, or if the rescission was derived from the Health Care Plan of the Employer, under the Claims Procedure under the Health Care Plan of the Employer.

PRIVACY

10.1 PRIVACY OF HEALTH INFORMATION

This provision is intended to bring this Prescription Drug Plan into compliance with the privacy provisions of the Health Insurance Portability and Accountability Act of 1996, as amended, and the regulations issued thereunder. Protected Health Information transmitted or maintained by the Prescription Drug Plan will be subject to the provisions described in this article. This Section is subject to any rules and policies established by the Plan Sponsor for the Health Care Plan, which in the discretion of the Plan Administrator, would supersede the provisions in this section.

10.2 USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION

Protected Health Information will only be disclosed or used by the Prescription Drug Plan under one (1) of the following conditions:

1. with the specific consent of the individual who is the subject of the Protected Health Information, provided that the Prescription Drug Plan obtains any required authorization;
2. for payment of claims submitted to the Prescription Drug Plan, or for utilization review activities as described in Article VI, including, but not limited to, the review of any grievances or appeals involved in such activities which are generated by the Covered Person or his or her authorized representatives; or
3. for other reasonable purposes necessary to operate the Prescription Drug Plan, to the extent that such Protected Health Information is required for such purposes, including:
 - a. quality assessment and improvement activities;
 - b. evaluation of Prescription Drug Plan performance;
 - c. underwriting and premium rating and other activities relating to the procuring, renewal or replacement of stop loss or excess loss insurance;
 - d. conducting or arranging for medical review, legal services and auditing functions, including fraud and abuse detection and compliance programs;
 - e. business planning and development of the Prescription Drug Plan;
 - f. business management and general administrative activities of the Prescription Drug Plan, including, but not limited to, enrollments, billing, customer service and the resolution of internal grievances; and
 - g. other health care operations listed under 45 C.F.R. § 164.501. No other use or disclosure of Protected Health Information is permitted by this Prescription Drug Plan.

10.3 DISCLOSURES OF PROTECTED HEALTH INFORMATION TO THE COMPANY

The Plan Administrator will disclose, or permit the disclosure of, Protected Health Information to the Company only as described below:

1. for any of the purposes and under the conditions described in Section 10.2;
2. as Summary Health Information, as defined in 45 CFR 164.504, if requested by the Company for the following purposes:
 - a. obtaining premium bids from health plans for providing health insurance coverage under the Prescription Drug Plan; or
 - b. modifying, amending or terminating the Prescription Drug Plan; or
 - c. for informational purposes regarding whether an individual is participating in the Prescription Drug Plan, provided such information is only used by the Company for the purpose of performing Prescription Drug Plan administrative functions.

Prior to any disclosure of Protected Health Information to the Company, such entity must agree:

1. not to use or further disclose the information other than as permitted or required by this section, or as required by law;
2. that it will ensure that any agents, including subcontractors, employed by the Company or Plan Administrator for Plan administration or other Prescription Drug Plan purposes to whom it provides Protected Health Information, including, but not limited to, the Benefit Manager, any Utilization Review Service or Pharmacy benefit manager, agree to the same restrictions and conditions that apply to the Company with respect to such information;
3. not to use or disclose the Protected Health Information for employment-related actions and decisions, or in connection with any other benefit or employee benefit plan sponsored by the Company;
4. that it will report to the Plan Administrator any use or disclosure of the information that is inconsistent with the uses or disclosures provided for in this section of which it becomes aware;
5. that it will make available Protected Health Information to the subject of such information, and allow amendment to such information as described in Section 9.4 and Section 9.5;
6. that it will provide an accounting in accordance with 45 C.F.R. § 164.528, upon the request of the subject of Protected Health Information, of the disclosure of such information by the Prescription Drug Plan made within six (6) years of the request, except information exempted from such accounting under that section;
7. that it will make available its internal practices, books, and records relating to the use and disclosure of protected health information received from the Prescription Drug Plan to the Secretary of the United States Department of Health and Human Services for the purpose of determining compliance by the Prescription Drug Plan with the privacy provisions of HIPAA;
8. that it will, if feasible, return or destroy all Protected Health Information received from the Prescription Drug Plan that the Company still maintains in any form, and that it will not retain any copies of such information when no longer needed for the purpose for which the disclosure was made.

If return or destruction is not feasible, that it will limit further uses and disclosures to those purposes which make the return or destruction of the information infeasible; and

9. that it will provide for adequate separation between the Prescription Drug Plan and the Plan Sponsor by implementing reasonable procedures in conjunction with the Authorized Persons for the Prescription Drug Plan and in coordination with the Business Associates.

10.4 ACCESS OF COVERED PERSONS TO PROTECTED HEALTH INFORMATION

A Covered Person or other individual has the right of access to inspect and obtain a copy of Protected Health Information about such person as long as such information is maintained by the Prescription Drug Plan, except for as such information is otherwise exempted from disclosure under 45 C.F.R. §164.524. Any such request must be made to the Plan Administrator, in writing, signed by the Covered Person or their authorized representative. The Plan Administrator will notify the Covered Person, writing, as to whether such request is approved or denied, and, if approved, will provide access to the information in accordance with 45 C.F.R. §164.524(c), including the imposition of reasonable fees for the costs of providing such access.

10.5 AMENDMENT RIGHTS

A Covered Person or other individual has the right to have the Company amend Protected Health Information or other information about such individual as long as such information is maintained by the Prescription Drug Plan. The Plan Administrator will deny such a request if:

1. the information was not created by the Prescription Drug Plan, unless the individual provides a reasonable basis to believe that the originator of the Protected Health Information is no longer available to act on the requested amendment;
2. the information is not currently maintained in any record by the Prescription Drug Plan;
3. the information would not be available for inspection under the reasons cited in this Section; or
4. the information in the Prescription Drug Plan's records is accurate and complete.

Any request for amendment of Protected Health Information must be provided in writing to the Plan Administrator and signed by the Covered Person or their authorized representative with an explanation as to why such person believes the information is inaccurate, incomplete or incorrect. The Plan Administrator will notify the Covered Person, in writing, as to whether such request is approved or denied, and, if approved, will make the necessary corrections to the information in accordance with 45 C.F.R. §164.526(c). The Plan Administrator will make reasonable efforts to inform all entities which it has knowledge of such entity's receipt of any information which has been corrected. If the request is denied, the individual may submit a written statement disagreeing with the denial which includes the basis of such disagreement. The Plan Administrator may prepare a written rebuttal of such statement. The statement of disagreement, and the rebuttal, if any, will be included in any future disclosure of the information. Even if no statement of disagreement is submitted, the individual may request that the request for amendment and denial be included with any future disclosures of the information.

10.6 SECURITY OF PROTECTED HEALTH INFORMATION

The Company will implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of electronic Protected Health Information (“ePHI”) that is created, received, maintained or transmitted on behalf of the Prescription Drug Plan, including reasonable and appropriate security measures between the Company and the Prescription Drug Plan to support the requirements of this Section. The Company will further ensure that any agent, including a subcontractor, to whom it provides access to ePHI agrees to implement reasonable and appropriate security measures to protect the information, and will report any security incident of which it becomes aware to the Plan Administrator.

STATEMENT OF ERISA RIGHTS

As a Participant in this Prescription Drug Plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all Participants shall be entitled to the following rights.

A. Receive Information About Your Plan and Benefits:

You have rights to receive information about this Prescription Drug Plan and related benefits. You have rights to:

1. Examine, without charge, at the Plan Administrator’s office and at other specified locations, such as worksites, all documents governing the Plan, including insurance contracts, and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
2. Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
3. Receive a copy of the Plan’s annual financial report. The Plan Administrator is required by law to furnish each Participant with a copy of this summary annual report.

B. Continue Group Health Plan Coverage: Continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event. You or your Dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan on the rules governing your COBRA continuation rights.

C. Prudent Actions by Plan Fiduciaries: In addition to creating rights for Plan Participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other Plan Participants and beneficiaries. No one, including your Employer or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

D. Enforce Your Rights:

1. If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

2. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the Plan and do not receive them within thirty (30) days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to one hundred ten dollars (\$110.00) a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a medical child support order, you may file suit in Federal court. If it should happen that Plan Fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

E. Assistance with Your Questions:

If you have any questions about your Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Office of Outreach, Education, and Assistance, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, the publications hotline of the Employee Benefits Security Administration, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling

EXECUTION

The Prescription Drug Plan, as amended and restated effective as of January 1, 2025, integrated with the Health Care Plan, is hereby adopted and approved.
