

# How to set up direct deposit in the WEX benefits mobile app

This article outlines how to set up a checking or savings account in the WEX benefits mobile app to receive reimbursements or distributions via direct deposit.

Note: You can get your money faster by adding your bank account. There's no minimum reimbursement requirement for direct deposit; however, a \$25 minimum is required for checks to be issued right away. Reimbursements that don't meet this minimum requirement will be issued after additional claims are submitted to bring the total to at least \$25 or at the end of the month.

To remove your bank account, see [How to remove direct deposit](#).
